

**SUPPLEMENT DATED DECEMBER 2023 TO THE  
VANGUARD 529 COLLEGE SAVINGS PLAN  
PROGRAM DESCRIPTION DATED DECEMBER 2019**

**Please keep this Supplement, which describes important changes, with your other Vanguard 529 College Savings Plan documents.**

**Federal Legislation Expands Use of 529 Plans**

The SECURE 2.0 Act of 2022 (the "SECURE 2.0 Act") was signed into federal law in December 2022. In addition to several significant retirement savings-related enhancements, the SECURE 2.0 Act revises Section 529 of the Internal Revenue Code. Beginning January 1, 2024, rollovers will be permitted from a 529 plan account to a Roth IRA without incurring federal income tax or penalties, subject to the following conditions:

- The 529 plan account must be open for 15 or more years.
- Contributions and associated earnings that you transfer to the Roth IRA must be in the 529 plan account for more than 5 years.
- IRS regulations permit a lifetime maximum amount of \$35,000 per designated beneficiary to be rolled over from 529 plan accounts to Roth IRAs.
- 529 plan assets can only be rolled over into a Roth IRA maintained for the benefit of the designated beneficiary on the 529 plan account.
- 529 plan assets must be sent directly to the Roth IRA.
- Roth IRA income limitations are waived for 529 plan rollovers to Roth IRAs.
- The Roth IRA rollover is subject to the Roth IRA contribution limit for the taxable year applicable to the designated beneficiary for all individual retirement plans maintained for the benefit of the designated beneficiary.

The IRS may issue additional guidance that may impact 529 plan account rollovers to Roth IRAs, including the above-referenced conditions.

Account Owners and Beneficiaries should each consult a financial professional or tax advisor regarding the applicability of these rollovers to their personal situations. You are responsible for determining the eligibility of a 529 plan to Roth IRA rollover, including tracking and documenting the length of time the 529 plan account has been opened and the amount of assets in your 529 plan account eligible to be rolled into a Roth IRA. To request a rollover to a Roth IRA, please submit the appropriate form to the Plan.

**In addition, the first paragraph of "Designation of a Successor Account Owner" found on page 49 is being revised and a second paragraph is being added as follows:**

"You may designate a successor Account Owner (to the extent permitted under applicable law) to succeed to all of your rights, title, and interest in an account (including the right to change the Beneficiary) upon your death. This designation can be made on the initial Enrollment Application, which is available online at [vanguard.com](http://vanguard.com). If you do not initially designate a successor Account Owner but later decide to do so, or if you wish to revoke or change a designation, you may make the change online at [vanguard.com](http://vanguard.com) or submit a written request. The designation will become effective for the successor Account Owner once this paperwork has been received in good order and processed. A UGMA/UTMA custodian will not be permitted to change the Account Owner to anyone other than a successor custodian during the term of the custodial account under applicable UGMA/UTMA law.

In a scenario where there is no successor Account Owner on file, the successor Account Owner has disclaimed the assets, or the successor Account Owner has passed away, the ownership of your Account and all rights related to your Account will be determined upon your death as provided in applicable laws for wills, estates, and intestate succession. Any court documents requested by the Plan in these scenarios must be certified by the court within 60 days of the requested transfer of assets. If you are concerned with assuring who would exercise control over your Account upon your death, you should designate a successor Account Owner or consult a qualified estate planning professional."

## EXPENSE RATIO REDUCTION—U.S. GROWTH PORTFOLIO

Effective December 31, 2023, the cost of the Vanguard U.S. Growth Portfolio will be decreased by 5 basis points. The expense ratio for the Portfolio identified on page 26 of the Program Description is replaced with 0.31%. In addition, the information in the tables below replaces the Vanguard U.S. Growth Portfolio information found in the fee table on page 38 of the Program Description, and the investment cost example table on page 39 of the Program Description, respectively.

Portfolio	Estimated Underlying Fund Expenses	State Fee	Program Management Fee	Total Annual Asset-Based Fee
Vanguard U.S. Growth Portfolio	0.20%	None	0.11%	0.31%

Portfolio	1 Year	3 Years	5 Years	10 Years
Vanguard U.S. Growth Portfolio	\$31.73	\$99.71	\$174.23	\$393.33

### Gift Tax Exclusions

As of January 1, 2024, the federal annual gift tax exclusion increased to \$18,000 for a single individual, \$36,000 for married couples making a proper election. For 529 Plans, contributions of up to \$90,000 for a single contributor (or \$180,000 for married couples making a proper election) can be made in a single year and applied against the annual gift tax exclusion equally over a five-year period. Accordingly, all references to the exclusion of contributions from federal gift tax found throughout the Program Description are updated to reflect these increased amounts.

### The following replaces the fourth bullet found in the Tax Advantages section of the Vanguard 529 College Savings Plan Highlights on page 1:

No gift tax on contributions up to certain limits—beginning in 2024, \$90,000 (for a single individual) and \$180,000 (for a married couple)—prorated over five years

### The following replaces the first sentence in the first paragraph under the Federal Gift and Estate Taxes section found on page 51:

Contributions (including certain rollover contributions) to a 529 plan account generally are considered completed gifts to the Beneficiary and are eligible for the applicable annual exclusion from gift and generation-skipping transfer taxes (beginning in 2024, \$18,000 for a single individual or \$36,000 for a married couple).

### The following replaces the sixth sentence of the first paragraph under the Federal Gift and Estate Taxes section found on page 51:

For example, beginning in 2024, the maximum contribution that may be made using this rule would be \$90,000 (for a single individual) or \$180,000 (for a married couple).

**SUPPLEMENT DATED NOVEMBER 2023 TO THE  
VANGUARD 529 COLLEGE SAVINGS PLAN  
PROGRAM DESCRIPTION DATED DECEMBER 2019**

**Please keep this Supplement, which describes important changes, with your other Vanguard 529 College Savings Plan documents.**

**Addition of Vanguard Target Enrollment 2042/2043 Portfolio**

On or about November 17, 2023, the Vanguard Target Enrollment 2042/2043 Portfolio will be added to the Plan's suite of Target Enrollment Portfolio options. The allocations of each Target Enrollment Portfolio to the asset classes and Underlying Funds are automatically adjusted over time along a predetermined glidepath to become more conservative as the Beneficiary's expected year of enrollment in school draws nearer with adjustments made quarterly as needed. The final Target Enrollment Portfolio, the Commencement Portfolio, will assume the assets of any Target Enrollment Portfolio that has reached the end of its horizon, and has allocations to stocks, bonds, and short-term reserves that all Target Enrollment Portfolios are expected to assume within 4 years after their designated enrollment year. As such, the Commencement Portfolio maintains the most conservative allocation in the Target Enrollment Portfolio series and seeks to limit downside risk while still offering the potential for modest returns. The Commencement Portfolio will remain at a static asset allocation.

**Portfolio profile**

**Investment objective:** Vanguard Target Enrollment 2042/2043 Portfolio seeks to provide capital appreciation and current income consistent with the current asset allocation. The objective of Target Enrollment options becomes more focused on capital preservation and income as they approach their target date. The Target Enrollment Portfolios in the Vanguard 529 College Savings Plan are more likely to meet their goals if each Underlying Fund in which each Portfolio invests achieves its stated investment objectives.

**Strategy:** Target Enrollment Portfolios allocate their assets to Underlying Funds. These options seek to provide a diversified allocation to broad asset classes, including domestic and international stocks and bonds. The allocations to the asset classes and the Underlying Funds are expected to change, reducing exposure to stocks and increasing exposure to fixed income and cash equivalents, becoming more conservative through the Beneficiaries' expected enrollment year. The Underlying Funds in this option will rebalance on a quarterly basis until reaching the Vanguard Commencement Portfolio, and then will retain a static allocation in that Commencement Portfolio.

Through investments in Vanguard Institutional Total Stock Market Index Fund, the Portfolios indirectly invest in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-, small-, and micro-capitalization U.S. stocks. The Fund holds a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq.

Through investments in Vanguard Total International Stock Index Fund, the Portfolios indirectly invest in international stocks.

Through investments in Vanguard Total Bond Market II Index Fund, the Portfolios indirectly invest in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through investments in Vanguard Total International Bond Index Fund, the Portfolios indirectly invest in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

Through investments in Vanguard Short-Term Reserves Account, the Portfolios indirectly invest in funding agreements issued by one or more insurance companies, synthetic investment contracts (SICs), and shares of Vanguard Federal Money Market Fund. Funding agreements and SICs are interest-bearing contracts that are structured to preserve principal and accumulate interest earnings over the life of the investment. Funding agreements generally pay interest at a fixed interest rate and have fixed maturity dates that normally range from 2 to 5 years. SICs pay a variable interest rate and have an average duration range between 2 and 5 years. The Federal Money Market Fund invests primarily in high-quality, short-term money market instruments issued by the U.S. government and its agencies and instrumentalities.

**Note:** Vanguard Short-Term Reserves Account's investments in Vanguard Federal Money Market Fund are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the Federal Money Market Fund seeks to preserve the value of the investment at \$1 per share, it cannot guarantee that it will do so. It is possible that Vanguard Short-Term Reserves Account may lose money by investing in the Fund. The Vanguard Group, Inc., has no legal obligation to provide financial support to the Fund, and there should be no expectation that the sponsor will provide financial support to the Fund at any time.

**Investment risks:** The Portfolios are subject to the risks of the underlying stock funds, which include stock market risk, country/regional risk, currency risk, and emerging markets risk, and the risks of the underlying bond funds, which include interest rate risk, income risk, prepayment risk, extension risk, call risk, credit risk, country/regional risk, liquidity risk, currency and currency hedging risk, and derivatives risk. The Portfolio is also subject to investment style risk, index sampling risk, and nondiversification risk. For more information regarding the portfolio risk factors, please refer to the *Explanation of the Risk Factors* section on page 34 of the Program Description.

### Vanguard Target Enrollment 2020/2021 Portfolio Transition

Effective on or about November 17, 2023, assets of Account Owners invested in the Vanguard Target Enrollment 2020/2021 Portfolio will automatically transfer into the Commencement Portfolio (the "Transition") and the Vanguard Target Enrollment 2020/2021 Portfolio will be closed. To implement this change, the Vanguard Target Enrollment 2020/2021 Portfolio will not be available after 4:00 p.m., Eastern time, on Thursday, November 16, 2023. All transaction requests, other than contributions, involving Vanguard Target Enrollment 2020/2021 Portfolio that would normally be processed on Friday, November 17, 2023, will be held and processed to the Commencement Portfolio on Monday, November 20, 2023. These transactions will receive Monday's trade date. Contributions to the Vanguard Target Enrollment 2020/2021 Portfolio that would normally be processed on Friday, November 17, 2023, will be processed on Friday to the Commencement Portfolio. All future contributions that would have previously been directed to the Vanguard Target Enrollment 2020/2021 Portfolio will be redirected to the Commencement Portfolio. We will send a confirmation for the Transition. This exchange will not count toward the twice-per-calendar year limit for the reallocation of assets.

Accordingly, effective November 17, 2023, the following changes are made to the Program Description:

1. The Target Enrollment chart found on pages 7 and 8, **Part 3 of the Program Description**, is updated to represent the current allocation, as-of November 17, 2023, to each Underlying Fund for each Target Enrollment Portfolio:

Target Enrollment Portfolio	Vanguard Institutional Total Stock Market Index Fund	Vanguard Total International Stock Index Fund	Vanguard Total Bond Market II Index Fund	Vanguard Total International Bond Index Fund	Vanguard Short-Term Reserves Account
Vanguard Target Enrollment 2042/2043 Portfolio	57.00%	38.00%	3.50%	1.50%	0.00%
Vanguard Target Enrollment 2040/2041 Portfolio	57.00	38.00	3.50	1.50	0.00
Vanguard Target Enrollment 2038/2039 Portfolio	53.40	35.60	7.70	3.30	0.00
Vanguard Target Enrollment 2036/2037 Portfolio	48.00	32.00	14.00	6.00	0.00
Vanguard Target Enrollment 2034/2035 Portfolio	40.80	27.20	22.40	9.60	0.00
Vanguard Target Enrollment 2032/2033 Portfolio	34.20	22.80	30.10	12.90	0.00
Vanguard Target Enrollment 2030/2031 Portfolio	29.40	19.60	35.70	15.30	0.00
Vanguard Target Enrollment 2028/2029 Portfolio	20.57	13.72	38.96	16.70	10.05
Vanguard Target Enrollment 2026/2027 Portfolio	14.06	9.37	37.24	15.96	23.37
Vanguard Target Enrollment 2024/2025 Portfolio	11.01	7.35	31.47	13.49	36.68
Vanguard Target Enrollment 2022/2023 Portfolio	8.70	5.80	24.85	10.65	50.00
Commencement Portfolio	6.96	4.64	19.88	8.52	60.00

2. The Vanguard Target Enrollment 2020/2021 Portfolio will be removed from, and Vanguard Target Enrollment 2042/2043 Portfolio will be added to, the asset-based fee example table on page 38 of the Program Description:

Portfolio	Estimated Underlying Fund Expenses	State Fee	Program Management Fee	Total Annual Asset Based Fee
Vanguard Target Enrollment 2042/2043 Portfolio	0.03%	None	0.11%	0.14%

3. The Vanguard Target Enrollment 2020/2021 Portfolio will be removed from, and Vanguard Target Enrollment 2042/2043 Portfolio will be added to, the investment cost example table on page 38 of the Program Description:

Portfolio	1 Year	3 Years	5 Years	10 Years
Vanguard Target Enrollment 2042/2043 Portfolio	\$14.34	\$45.15	\$79.02	\$179.20

**SUPPLEMENT DATED JUNE 2023 TO THE  
VANGUARD 529 COLLEGE SAVINGS PLAN  
PROGRAM DESCRIPTION DATED DECEMBER 2019**

**Please keep this Supplement, which describes important changes, with your other Vanguard 529 College Savings Plan documents.**

**EXPENSE RATIO INCREASE—US GROWTH FUND PORTFOLIO**

Effective May 26, 2023, the cost of the Vanguard US Growth Portfolio has increased by 2 basis points. The information in the tables below replaces the Vanguard US Growth Portfolio information found under Expense Ratio on page 26 of the Program Description, in the fee table on page 38 of the Program Description, and the investment cost example table on page 39 of the Program Description, respectively.

<b>Portfolio</b>	<b>Estimated Underlying Fund Expenses</b>	<b>State Fee</b>	<b>Program Management Fee</b>	<b>Total Annual Asset-Based Fee</b>
Vanguard US Growth Portfolio	0.25%	None	0.11%	0.36%

<b>Portfolio</b>	<b>1 Year</b>	<b>3 Years</b>	<b>5 Years</b>	<b>10 Years</b>
Vanguard US Growth Portfolio	\$36.84	\$115.71	\$202.08	\$455.60

**SUPPLEMENT DATED APRIL 2023 TO THE  
VANGUARD 529 COLLEGE SAVINGS PLAN  
PROGRAM DESCRIPTION DATED DECEMBER 2019**

**Please keep this Supplement, which describes important changes, with your other Vanguard 529 College Savings Plan documents.**

**EXPENSE RATIO INCREASE—VANGUARD WINDSOR PORTFOLIO**

Effective February 27, 2023, the cost of the Vanguard Windsor Portfolio has increased by 8 basis points. The information in the tables below replaces the Vanguard Windsor Portfolio information found in the fee table on page 38 of the Program Description, and the investment cost example table on page 39 of the Program Description, respectively.

<b>Portfolio</b>	<b>Estimated Underlying Fund Expenses</b>	<b>State Fee</b>	<b>Program Management Fee</b>	<b>Total Annual Asset-Based Fee</b>
Vanguard Windsor Portfolio	0.28%	None	0.11%	0.39%

<b>Portfolio</b>	<b>1 Year</b>	<b>3 Years</b>	<b>5 Years</b>	<b>10 Years</b>
Vanguard Windsor Portfolio	\$39.90	\$125.30	\$218.76	\$492.80

*Effective immediately, the paragraph below replaces the "Other Charges" paragraph located on page 39 of the Program Description:*

The Vanguard Plan reserves the right to charge an account in any circumstance in which the Plan incurs expenses on behalf of the account (e.g., when a check, automatic investment plan payment, or electronic bank transfer is returned unpaid by the financial institution upon which it is drawn). The Plan may deduct the charges identified in this paragraph directly from your Plan account. If you request delivery of withdrawal processed or any other item by express delivery service, the Plan may charge you for this service and the Plan will report such fees as distributions on Form 1099-Q. You should consult your tax advisor regarding calculating and reporting any tax liability as applicable. If requesting priority/express delivery of a disbursement check, you will be charged a fee of \$15. There is also a \$10 charge when using the electronic payment service to an eligible educational institution.

**SUPPLEMENT DATED JANUARY 2023 TO  
THE VANGUARD 529 COLLEGE SAVINGS PLAN  
PROGRAM DESCRIPTION DATED DECEMBER 2019**

Please keep this Supplement, which describes important changes, with your other Vanguard 529 College Savings Plan documents.

**Gift Tax Exclusions**

As of January 1, 2023, the federal annual gift tax exclusion increased to \$17,000 for a single individual, \$34,000 for married couples making a proper election. For 529 Plans, contributions of up to \$85,000 for a single contributor (or \$170,000 for married couples making a proper election) can be made in a single year and applied against the annual gift tax exclusion equally over a five-year period. Accordingly, all references to the exclusion of contributions from federal gift tax found throughout the Program Description are updated to reflect these increased amounts.

**The following replaces the fourth bullet found in the Tax Advantages section of the Vanguard 529 College Savings Plan Highlights on page 1:**

No gift tax on contributions up to certain limits – beginning in 2023, \$85,000 (for a single individual) and \$170,000 (for a married couple)-prorated over five years.

**The following replaces the first sentence in the first paragraph under the Federal Gift and Estate Taxes section found on page 51:**

Contributions (including certain rollover contributions) to a 529 plan account generally are considered completed gifts to the Beneficiary and are eligible for the applicable annual exclusion from gift and generation-skipping transfer taxes (beginning in 2023, \$17,000 for a single individual or \$34,000 for a married couple).

**The following replaces the sixth sentence of the first paragraph under the Federal Gift and Estate Taxes section found on page 51:**

For example, beginning in 2023, the maximum contribution that may be made using this rule would be \$85,000 (for a single individual) or \$170,000 (for a married couple).

This page is intentionally left blank

**SUPPLEMENT DATED DECEMBER 2021 TO  
THE VANGUARD 529 COLLEGE SAVINGS PLAN  
PROGRAM DESCRIPTION DATED DECEMBER 2019**

Please keep this supplement, which describes important changes, with your other Vanguard 529 College Savings Plan documents.

**ADDITION OF VANGUARD TARGET ENROLLMENT 2040/2041 PORTFOLIO**

On or about December 16, 2021, the Vanguard Target Enrollment 2040/2041 Portfolio will be added to the Plan's suite of Target Enrollment Portfolio options. Under Target Enrollment Portfolios, the target allocations of the Portfolio are automatically adjusted quarterly over time to become more conservative as the Beneficiary's year of enrollment in school draws nearer. The Commencement Portfolio's allocation to stocks and bonds is the allocation that all Target Enrollment Portfolios are expected to assume within 4 years after their designated enrollment year. As such, the Commencement Portfolio seeks to minimize risk. The Commencement Portfolio will remain at a static asset allocation for the duration because it's already at its most conservative phase.

Accordingly, effective December 16, 2021, the following changes are made to the Program Description:

1. The following text replaces the existing text on page 1 in the **Plan Highlight Investment Options and Performance Section**:

There are 32 different investment options, all managed by Vanguard:

- 12 Target Enrollment Portfolios
- 20 Individual Portfolios
- See **Part 3. The Vanguard Plan Investment Options**, page 6.

2. The following replaces the first bullet on page 6, **Part 3. The Vanguard Plan Investment Options** under the **Investment Option Summary Section**:

You can choose from among twelve Target Enrollment Portfolios, in which target allocations of the Portfolio automatically adjust to more conservative allocations as your Beneficiary approaches the date they are expected to enroll in school or an eligible program. Consider the Target Enrollment Portfolio that best reflects the year in which your Beneficiary approaches their enrollment date. You can adjust according to your risk tolerance by selecting a Target Enrollment that you prefer.

3. The Vanguard Target Enrollment 2040/2041 Portfolio will be added to the following Target Enrollment chart found on page 7 and 8, Part 3 of the **Program Description**:

<b>Target Enrollment Portfolio</b>	<b>Vanguard Institutional Total Stock Market Index Fund</b>	<b>Vanguard Total International Stock Index Fund</b>	<b>Vanguard Total Bond Market II Index Fund</b>	<b>Vanguard Total International Bond Index Fund</b>	<b>Vanguard Short-Term Reserves Account</b>
Vanguard Target Enrollment 2040/2041 Portfolio	57.00%	38.00%	3.50%	1.50%	0.00%

**PORTFOLIO PROFILE**

**INVESTMENT OBJECTIVE:**

Vanguard Target Enrollment 2040/2041 Portfolio seeks to provide capital appreciation and current income consistent with the current asset allocation. The objective of Target Enrollment options becomes more focused on capital preservation and income as they approach their target date. The Target Enrollment Portfolios in the Vanguard 529 College Savings Plan are more likely to meet their goals if each Underlying Fund in which each Portfolio invests achieves its stated investment objectives.

**STRATEGY:**

Target Enrollment Portfolios allocate their assets to Underlying Funds. These options seek to provide a diversified allocation to broad asset classes, including domestic and international stocks and bonds. The allocations to the asset classes and the Underlying Funds are expected to change, reducing exposure to stocks and increasing exposure to fixed income and cash equivalents, becoming more conservative until the Beneficiaries' expected enrollment year. The Underlying Funds in this option will rebalance on a quarterly basis until reaching the Vanguard Commencement Portfolio, and then will retain a static allocation in that Commencement Portfolio.

Through investments in Vanguard Institutional Total Stock Market Index Fund, the Portfolios indirectly invest in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-,small-, and micro-capitalization U.S. stocks. The Fund holds a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq.

Through investments in Vanguard Total International Stock Index Fund, the Portfolios indirectly invest in international stocks.

Through investments in Vanguard Total Bond Market II Index Fund, the Portfolios indirectly invest in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through investments in Vanguard Total International Bond Index Fund, the Portfolios indirectly invest in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

Through investments in Vanguard Short-Term Reserves Account, the Portfolios indirectly invest in funding agreements issued by one or more insurance companies, synthetic investment contracts (SICs), and shares of Vanguard Federal Money Market Fund. Funding agreements and SICs are interest-bearing contracts that are structured to preserve principal and accumulate interest earnings over the life of the investment. Funding agreements generally pay interest at a fixed interest rate and have fixed maturity dates that normally range from 2 to 5 years. SICs pay a variable interest rate and have an average duration range between 2 and 5 years. The Federal Money Market Fund invests primarily in high-quality, short-term money market instruments issued by the U.S. government and its agencies and instrumentalities.

Note: Vanguard Short-Term Reserves Account's investments in Vanguard Federal Money Market Fund are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the Federal Money Market Fund seeks to preserve the value of the investment at \$1 per share, it cannot guarantee that it will do so. It is possible that Vanguard Short-Term Reserves Account may lose money by investing in the Fund. The Vanguard Group, Inc., has no legal obligation to provide financial support to the Fund, and there should be no expectation that the sponsor will provide financial support to the Fund at any time.

#### **INVESTMENT RISKS:**

The Portfolios are subject to the risks of the underlying stock funds, which include stock market risk, country/regional risk, currency risk, and emerging markets risk, and the risks of the underlying bond funds, which include interest rate risk, income risk, prepayment risk, extension risk, call risk, credit risk, country/regional risk, liquidity risk, currency and currency hedging risk, and derivatives risk. The Portfolio is also subject to investment style risk, index sampling risk, and nondiversification risk. For more information regarding the portfolio risk factors, please refer to the **Explanation of the Risk Factors** section on page 34 of the Program Description.

#### **The following additional changes are made to the Program Description:**

4. The following two entries are added to **Part 5. Risks of Investing in The Vanguard Plan**, beginning on page 40 of the Program Description:

**Cybersecurity Risk.** The Plan is highly dependent upon the computer systems of its service providers and their subcontractors. This makes the Plan susceptible to operational and information security risks resulting from cyber threats and cyber-attacks which may adversely affect your account and cause it to lose value. For instance, cyber threats and cyber-attacks may interfere with your ability to access your account, make contributions or exchanges, request and receive distributions; they may also impact the ability to calculate net asset values and/or impede trading. Cybersecurity risks include security or privacy incidents, such as human error, unauthorized release, theft, misuse, corruption, and destruction of account data maintained online or digitally by the Plan. Cybersecurity risks also include denial of service, viruses, malware, hacking, bugs, security vulnerabilities in software, attacks on technology operations, and other disruptions that could impede the Plan's ability to maintain routine operations. Although the Plan undertakes efforts to protect its computer systems from cyber threats and cyber-attacks, including internal processes and technological defenses that are preventative in nature, and other controls designed to provide a multi-layered security posture, there are no guarantees that the Plan, the Plan's service providers, or your account will avoid losses due to cyber-attacks or cyber threats.

#### **Market Uncertainties and Other Events**

Due to market uncertainties, the overall market value of your account may exhibit volatility and could be subject to wide fluctuations in response to factors, including but not limited to regulatory or legislative changes, worldwide political uncertainties, and general economic conditions (such as inflation and unemployment rates), acts of God, acts of civil or military authority, acts of government, accidents, environmental disasters, natural disasters or events, fires, floods, earthquakes, hurricanes, explosions, lightning, suspensions of trading, epidemics, pandemics, public health crises, quarantines, wars, acts of war (whether war is declared or not), terrorism, threats of terrorism, insurrections, embargoes, cyber-attacks, riots, strikes, lockouts or other labor disturbances, disruptions of supply chains, civil unrest, revolutions, power or other mechanical failures, loss or malfunction of utilities or communications services, delays or stoppage of postal or courier services, delays in or stoppages of transportation, and any other events or

circumstances beyond the Plan or its service providers' reasonable control whether similar or dissimilar to any of the foregoing (collectively "Force Majeure"). All of these factors may cause the value of your account to decrease (realized or unrealized losses) regardless of our performance or any systematic investing on your part.

- The following replaces the fourth bullet in the **Contributions From UGMA/UTMA Custodial Accounts** section beginning on page 44 in Part 7. Other Information About Your Account:

When the custodianship terminates, the Beneficiary is legally entitled to take control of the account and may become the Account Owner subject to the provisions of The Vanguard Plan that are applicable to accounts established or funded with non-UGMA/UTMA assets. You must notify the Plan when the custodianship terminates and the Beneficiary is legally entitled to take control of the account. At that time, the Beneficiary will become the Account Owner and will become subject to the provisions of the Plan applicable to non-UGMA/UTMA Account Owners. If you fail to direct the Plan to transfer ownership of the UGMA/UTMA custodian account when the Beneficiary is legally entitled to take control of the account assets, the Plan may freeze the account and/or refuse to allow you to transact on the account. Some UGMA/UTMA laws allow for more than one age at which the custodianship terminates ("Age of Termination"). The Plan may freeze the account based on the youngest allowable Age of Termination of the custodianship according to the UGMA/UTMA laws where the custodianship account was established, based on the Plan's records. You may be required to provide documentation to the Plan if the Age of Termination of the custodianship account is other than the youngest allowable age under the applicable UGMA/UTMA law or if the applicable UGMA/UTMA law differs from Plan records; and

- The following replaces the first bullet on page 48, Part 7. Other Information About Your Account under the **Pricing of Portfolio Units** section:

If the Plan receives your transaction request (whether to contribute money, withdraw money, or exchange money between investment options) in good order on a business day prior to the close of the NYSE, your transaction will receive that day's trade date. However, in the event of Force Majeure (see Market Uncertainties and Other Events for the definition of "Force Majeure"), we may experience processing delays, which may affect your trade date. In those instances, your actual trade date may be after the trade date you would have received, which may negatively affect the value of your account.

In addition, effective January 3, 2022, the following changes are made to the Program Description:

- The Target Enrollment chart found on page 7 and 8, Part 3 of the Program Description is updated to represent the current asset allocation to each Underlying Fund for each Target Enrollment Portfolio

Target Enrollment Portfolio	Vanguard Institutional Total Stock Market Index Fund	Vanguard Total International Stock Index Fund	Vanguard Total Bond Market II Index Fund	Vanguard Total International Bond Index Fund	Vanguard Short-Term Reserves Account
Vanguard Target Enrollment 2040/2041 Portfolio	57.00%	38.00%	3.50%	1.50%	0.00%
Vanguard Target Enrollment 2038/2039 Portfolio	57.00%	38.00%	3.50%	1.50%	0.00%
Vanguard Target Enrollment 2036/2037 Portfolio	52.80%	35.20%	8.40%	3.60%	0.00%
Vanguard Target Enrollment 2034/2035 Portfolio	47.10%	31.40%	15.05%	6.45%	0.00%
Vanguard Target Enrollment 2032/2033 Portfolio	39.90%	26.60%	23.45%	10.05%	0.00%
Vanguard Target Enrollment 2030/2031 Portfolio	33.60%	22.40%	30.80%	13.20%	0.00%
Vanguard Target Enrollment 2028/2029 Portfolio	28.80%	19.20%	36.40%	15.60%	0.00%
Vanguard Target Enrollment 2026/2027 Portfolio	19.39%	12.93%	39.18%	16.79%	11.71%
Vanguard Target Enrollment 2024/2025 Portfolio	13.41%	8.94%	36.82%	15.78%	25.05%
Vanguard Target Enrollment 2022/2023 Portfolio	10.74%	7.15%	30.64%	13.13%	38.34%
Vanguard Target Enrollment 2020/2021 Portfolio	8.41%	5.61%	24.01%	10.29%	51.68%
Commencement Portfolio	6.96%	4.64%	19.88%	8.52%	60.00%

Model Risk. The allocation of each Target Enrollment Portfolio is derived using quantitative models that have been developed based on a number of factors. Neither the Target Enrollment Portfolios nor the Plan can offer any assurance that the recommended asset allocation will either maximize returns or minimize risk or be the appropriate allocation in all circumstances for every investor with a particular time horizon or risk tolerance. The allocations of the Target Enrollment Portfolios will gradually become more conservative as your beneficiary nears the age in which they will enroll in school.

**SUPPLEMENT DATED MARCH 2021 TO  
THE VANGUARD 529 COLLEGE SAVINGS PLAN  
PROGRAM DESCRIPTION DATED DECEMBER 2019**

This Supplement describes important changes for the Vanguard 529 College Savings Plan. This information is intended to supplement the Program Description dated December 2019 as amended by Supplements dated March 2020 and October 2020. Please keep this supplement with your other Vanguard 529 College Savings Plan documents.

**UPDATED TARGET ENROLLMENT PORTFOLIO ASSET ALLOCATION INFORMATION**

Please note, allocations to the Underlying Funds that invest in domestic and international stocks for each Target Enrollment Portfolio (other than for Vanguard Target Enrollment 2038/2039 Portfolio and Vanguard Commencement Portfolio) were reduced to the amounts indicated in the chart below. This off-cycle change was made to realign the equity allocations in these portfolios to reflect the asset allocation of Vanguard’s target enrollment glide path methodology. Going forward, the portfolios will be reallocated each quarter as designed to gradually decrease equity and risk as the beneficiary nears enrollment. Accordingly, the following Target Enrollment Portfolio Asset Allocation chart replaces the chart found on page 7 and 8, Part 3 of the Program Description, as replaced per the Supplement dated October 2020:

The following chart represents the asset allocation to each Underlying Fund for each Target Enrollment Portfolio as of March 24, 2021:

Target Enrollment Portfolio	Vanguard Institutional Total Stock Market Index Fund	Vanguard Total International Stock Index Fund	Vanguard Total Bond Market II Index Fund	Vanguard Total International Bond Index Fund	Vanguard Short-Term Reserves Account
Vanguard Target Enrollment 2038/2039 Portfolio	57.00%	38.00%	3.50%	1.50%	0.00%
Vanguard Target Enrollment 2036/2037 Portfolio	55.20%	36.80%	5.60%	2.40%	0.00%
Vanguard Target Enrollment 2034/2035 Portfolio	50.40%	33.60%	11.20%	4.80%	0.00%
Vanguard Target Enrollment 2032/2033 Portfolio	43.50%	29.00%	19.25%	8.25%	0.00%
Vanguard Target Enrollment 2030/2031 Portfolio	36.30%	24.20%	27.65%	11.85%	0.00%
Vanguard Target Enrollment 2028/2029 Portfolio	31.20%	20.80%	33.60%	14.40%	0.00%
Vanguard Target Enrollment 2026/2027 Portfolio	24.27%	16.18%	38.15%	16.35%	5.05%
Vanguard Target Enrollment 2024/2025 Portfolio	16.08%	10.71%	38.41%	16.46%	18.34%
Vanguard Target Enrollment 2022/2023 Portfolio	11.89%	7.93%	33.93%	14.54%	31.71%
Vanguard Target Enrollment 2020/2021 Portfolio	9.57%	6.38%	27.35%	11.72%	44.98%
Vanguard Commencement Portfolio	6.96%	4.64%	19.88%	8.52%	60.00%

*The allocation of each Target Enrollment Portfolio will adjust periodically as the portfolio reaches the Commencement Portfolio. To obtain the current allocation of a Portfolio please visit <https://investor.vanguard.com/529-plan/target-enrollment-portfolios>*

*Model Risk. The allocation of each Target Enrollment Portfolio is derived using quantitative models that have been developed based on a number of factors. Neither the Target Enrollment Portfolios nor the Plan can offer any assurance that the recommended asset allocation will either maximize returns or minimize risk or be the appropriate allocation in all circumstances for every investor with a particular time horizon or risk tolerance. The allocations of the Target Enrollment Portfolios will gradually become more conservative as your beneficiary nears the age in which they will enroll in school.*

### EXPENSE RATIO REDUCTION – Vanguard Windsor Portfolio

Effective February 26, 2021, the cost of the Vanguard Windsor Portfolio has decreased by 1 basis point. The information in the tables below replace the Vanguard Windsor Portfolio information found in the fee table on page 38 of the Program Description, and the investment cost example table on page 39 of the Program Description, respectively, as replaced per the Supplement dated October 2020.

Portfolio	Estimated Underlying Fund Expenses	State Fee	Program Management Fee	Total Annual Asset-Based Fee
Vanguard Windsor Portfolio	0.19%	None	0.11%	0.30%

Portfolio	1 Year	3 Years	5 Years	10 Years
Vanguard Windsor Portfolio	\$30.71	\$96.51	\$168.65	\$380.84

**SUPPLEMENT DATED OCTOBER 2020 TO  
THE VANGUARD 529 COLLEGE SAVINGS PLAN  
PROGRAM DESCRIPTION DATED DECEMBER 2019**

Please keep this Supplement, which describes important changes, with your other Vanguard 529 College Savings Plan documents.

**REPLACEMENT OF AGE-BASED OPTIONS**

On or about October 30, 2020, the Age-Based Options will be replaced by Target Enrollment Portfolios. This change provides a smoother transition over time to more conservative Underlying Funds as your Beneficiary ages. Under the new Target Enrollment Portfolios, you will not move to a different Portfolio as the Beneficiary ages but rather the target allocations of the Portfolio will change as your Beneficiary approaches the date they are expected to enroll in school or an eligible program.

During this time, Vanguard will be unable to process any Vanguard 529 account transactions or account changes, including withdrawals, contributions, and investment option changes, online or by phone. Any transaction requests, including recurring contributions (automatic investments), received after 4 p.m., Eastern time, on Thursday, October 29, 2020, and up until the market close on Friday, October 30, 2020, won't be processed until Monday, November 2, 2020, using Portfolio net asset values as of November 2, 2020.

Investors in the Conservative Age-Based Option, will have their assets moved to one of the new Target Enrollment Portfolios as outlined below and in accordance with the timing provided in the notification previously provided to existing investors:

**Conservative Age-Based Investors**

Age	Target Portfolio
Age 0–2	Vanguard Target Enrollment 2028/2029 Portfolio
Age 3–4	Vanguard Target Enrollment 2026/2027 Portfolio
Age 5–6	Vanguard Target Enrollment 2024/2025 Portfolio
Age 7–8	Vanguard Target Enrollment 2022/2023 Portfolio
Age 9–10	Vanguard Target Enrollment 2020/2021 Portfolio
Age 11–12	Vanguard Target Enrollment 2020/2021 Portfolio
Age 13–14, Age 15–16, Age 17–18, Age 19+	Vanguard Commencement Portfolio

Investors in the Moderate Age-Based Option or the Aggressive Age-Based Option will have their assets moved to one of the new Target Enrollment Portfolios based on their student's age as of October 30, 2020, and the number of years remaining until college starts, typically at age 18 as outlined below. For example, if you're currently a moderate or aggressive age-based investor and your child is 7 years old on October 30, after the transition you'll be investing in the Target Enrollment 2030/2031 Portfolio—the one closest to the expected start of freshman year.

**Moderate and Aggressive Age-Based Investors**

Age	Target Portfolio
Less than 1	Vanguard Target Enrollment 2038/2039 Portfolio
Age 1–2	Vanguard Target Enrollment 2036/2037 Portfolio
Age 3–4	Vanguard Target Enrollment 2034/2035 Portfolio
Age 5–6	Vanguard Target Enrollment 2032/2033 Portfolio
Age 7–8	Vanguard Target Enrollment 2030/2031 Portfolio
Age 9–10	Vanguard Target Enrollment 2028/2029 Portfolio
Age 11–12	Vanguard Target Enrollment 2026/2027 Portfolio
Age 13–14	Vanguard Target Enrollment 2024/2025 Portfolio
Age 15–16	Vanguard Target Enrollment 2022/2023 Portfolio
Age 17–18	Vanguard Target Enrollment 2020/2021 Portfolio
Age 19+	Vanguard Commencement Portfolio

Accordingly, effective October 30, 2020, the following changes are made to the Program Description:

1. All references to the term “Age-Based Option” and “Age-Based Option(s)” are replaced with references to the term “Target Enrollment Portfolio” and “Target Enrollment Portfolio(s)” respectively.

2. The following text replaces the existing text on page 1 in the **Plan Highlight Investment Options and Performance Section**:

There are 31 different investment options, all managed by Vanguard:

- 11 Target Enrollment Portfolios
- 20 Individual Portfolios
- See **Part 3. The Vanguard Plan Investment Options**, page 6.

3. The following replaces the existing language on page 1 in the **Plan Highlights Fees and Charges Section**:

Expense ratios range from 0.12% to 0.42% depending on the investment option. See **Part 4. The Vanguard Plan Fees and Charges**, page 37.

4. The following replaces the first bullet on page 5, **Part 2. Getting Started – Section 3. Choosing Your Investment Option**:

**Target Enrollment Portfolios (11 Portfolios).** Target Enrollment Portfolios will change the target allocations of the Portfolio as your Beneficiary approaches the date they are expected to enroll in school or an eligible program.

5. The following replaces the first bullet on page 6, **Part 3. The Vanguard Plan Investment Options** under the **Investment Option Summary Section**:

You can choose from among 11 Target Enrollment Portfolios, in which target allocations of the Portfolio automatically adjust to more conservative allocations as your Beneficiary approaches the date they are expected to enroll in school or an eligible program. Consider the Target Enrollment Portfolio that best reflects the year in which your Beneficiary approaches their enrollment date. You can adjust according to your risk tolerance by selecting the Target Enrollment Portfolio that you prefer.

6. The following replaces the **Age-Based Options Section** on page 6, **Part 3. The Vanguard Plan Investment Options**:

#### **Target Enrollment Portfolios**

The Target Enrollment Portfolios are a simplified approach to college investing. We have designed these investment options to allow you to select a Portfolio based upon your risk tolerance and your Beneficiary’s anticipated year of enrollment in school or an eligible program. For example, if you expect your Beneficiary to attend college beginning in the year 2026, you may consider the Vanguard Target Enrollment 2026/2027 Portfolio. If you expect your Beneficiary to attend college beginning in the year 2030, you may consider a Target Enrollment Portfolio with an earlier target enrollment date if you are a more conservative investor, or a Target Enrollment Portfolio with a later target enrollment date if you are a more aggressive investor.

The asset allocation of the money invested in these Investment Options is automatically adjusted quarterly over time to become more conservative as the Beneficiary’s year of enrollment in school draws nearer. The Commencement Portfolio is designed for investors who are withdrawing for qualified education expenses. This portfolio’s allocation to stocks and bonds is the allocation that all Target Enrollment Portfolios are expected to assume within 4 years after their designated enrollment year. As such, this Portfolio seeks to minimize risk. The Vanguard Commencement Portfolio will remain at a static asset allocation for the duration because it’s already at its most conservative phase when the Beneficiary begins attending the school. Portfolios are rebalanced on a quarterly basis to ensure that they are allocated as close to the target allocations as possible. About every 2 years, a new Target Enrollment Portfolio is created and assets of the oldest Target Enrollment Portfolio are transferred into the Vanguard Commencement Portfolio. As of the date of this Supplement, each Target Enrollment Portfolio holds the Underlying Funds set forth in the table below.

Portfolios with higher allocations to fixed income and money market securities tend to be less volatile than those with higher stock allocations. Less-volatile Portfolios generally will not decline as far when stock markets go down, but they also generally will not appreciate in value as much when stock markets go up. There is no assurance that any Portfolio will reach its goal.

7. The following Target Enrollment chart will replace the **Vanguard Age-Based Options** charts found on page 7 and 8, **Part 3 of the Program Description**:

The following chart represents the current asset allocation to each Underlying Fund for each Target Enrollment Portfolio as of the date of this Supplement.

Target Enrollment Portfolio	Vanguard Total Stock Market Index Fund	Vanguard Total International Stock Index Fund	Vanguard Total Bond Market II Index Fund	Vanguard Total International Bond Index Fund	Vanguard Short-Term Reserves Account
Vanguard Target Enrollment 2038/2039 Portfolio	57.00%	38.00%	3.50%	1.50%	0.00%
Vanguard Target Enrollment 2036/2037 Portfolio	57.00%	38.00%	3.50%	1.50%	0.00%
Vanguard Target Enrollment 2034/2035 Portfolio	57.00%	38.00%	3.50%	1.50%	0.00%
Vanguard Target Enrollment 2032/2033 Portfolio	52.20%	34.80%	9.10%	3.90%	0.00%
Vanguard Target Enrollment 2030/2031 Portfolio	46.20%	30.80%	16.10%	6.90%	0.00%
Vanguard Target Enrollment 2028/2029 Portfolio	39.00%	26.00%	24.50%	10.50%	0.00%
Vanguard Target Enrollment 2026/2027 Portfolio	33.00%	22.00%	31.50%	13.50%	0.00%
Vanguard Target Enrollment 2024/2025 Portfolio	28.20%	18.80%	37.10%	15.90%	0.00%
Vanguard Target Enrollment 2022/2023 Portfolio	18.20%	12.10%	39.50%	16.90%	13.30%
Vanguard Target Enrollment 2020/2021 Portfolio	12.80%	8.50%	36.40%	15.60%	26.70%
Vanguard Commencement Portfolio	7.00%	4.60%	19.90%	8.50%	60.00%

Model Risk. The allocation of each Target Enrollment Portfolio is derived using quantitative models that have been developed based on a number of factors. Neither the Target Enrollment Portfolios nor the Plan can offer any assurance that the recommended asset allocation will either maximize returns or minimize risk or be the appropriate allocation in all circumstances for every investor with a particular time horizon or risk tolerance. The allocations of the Target Enrollment Portfolios will gradually become more conservative as your Beneficiary nears the age in which they will enroll in school.

8. The chart on page 8, **Part 3 “The plan’s Age-Based Options with their underlying fund holdings”** is removed from the Program Description.
9. The following Target Enrollment Portfolio Descriptions will replace the Age-Based Option Profiles on pages 9 through 18 of the Program Description:

**PORTFOLIO PROFILES**  
**INVESTMENT OBJECTIVE:**

The Target Enrollment Portfolios seek to provide capital appreciation and current income consistent with their current asset allocation (see chart below for individual Portfolio allocations). The objective of these options becomes more focused on capital preservation and income as they approach their target date. The Target Enrollment Portfolios in The Vanguard 529 College Savings Plan are more likely to meet their goals if each Underlying Fund in which each Portfolio invests achieves its stated investment objectives.

**STRATEGY:**

The Target Enrollment Portfolios allocate their assets to Underlying Funds. These options seek to provide a diversified allocation to broad asset classes, including domestic and international stocks and bonds. The allocations to the asset classes and the Underlying Funds are expected to change, reducing exposure to stocks and increasing exposure to fixed income and cash equivalents, becoming more conservative until the Beneficiaries’ expected enrollment year. The Underlying Funds in this option will rebalance on a quarterly basis until reaching the Vanguard Commencement Portfolio, and then will retain a static allocation in that Commencement Portfolio.

Through investments in Vanguard Total Stock Market Index Fund, the Portfolios indirectly invest in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-,small-, and micro-capitalization U.S. stocks. The Fund holds a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq.

Through investments in Vanguard Total International Stock Index Fund, the Portfolios indirectly invest in international stocks.

Through investments in Vanguard Total Bond Market II Index Fund, the Portfolios indirectly invest in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and

asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through investments in Vanguard Total International Bond Index Fund, the Portfolios indirectly invest in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

Through investments in Vanguard Short-Term Reserves Account, the Portfolios indirectly invest in funding agreements issued by one or more insurance companies, synthetic investment contracts (SICs), and shares of Vanguard Federal Money Market Fund. Funding agreements and SICs are interest-bearing contracts that are structured to preserve principal and accumulate interest earnings over the life of the investment. Funding agreements generally pay interest at a fixed interest rate and have fixed maturity dates that normally range from 2 to 5 years. SICs pay a variable interest rate and have an average duration range between 2 and 5 years. The Federal Money Market Fund invests primarily in high-quality, short-term money market instruments issued by the U.S. government and its agencies and instrumentalities.

*Note: Vanguard Short-Term Reserves Account’s investments in Vanguard Federal Money Market Fund are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the Federal Money Market Fund seeks to preserve the value of the investment at \$1 per share, it cannot guarantee that it will do so. It is possible that Vanguard Short-Term Reserves Account may lose money by investing in the Fund. The Vanguard Group, Inc., has no legal obligation to provide financial support to the Fund, and there should be no expectation that the sponsor will provide financial support to the Fund at any time.*

**INVESTMENT RISKS:**

The Portfolios are subject to the risks of the underlying stock funds, which include stock market risk, country/regional risk, currency risk, and emerging markets risk, and the risks of the underlying bond funds, which include interest rate risk, income risk, prepayment risk, extension risk, call risk, credit risk, country/regional risk, liquidity risk, currency and currency hedging risk, and derivatives risk. The Portfolio is also subject to investment style risk, index sampling risk, and nondiversification risk. For more information regarding the Portfolio risk factors, please refer to the **Explanation of the Risk Factors of the Portfolios** section on page 34 of the Program Description.

The Plan’s Target Enrollment Portfolios with their Underlying Fund holdings as of the date of this supplement.

Target Enrollment Portfolio	Vanguard Total Stock Market Index Fund	Vanguard Total International Stock Index Fund	Vanguard Total Bond Market II Index Fund	Vanguard Total International Bond Index Fund	Vanguard Short-Term Reserves Account	Expense Ratio
Vanguard Target Enrollment 2038/2039 Portfolio	57.00%	38.00%	3.50%	1.50%	0.00%	0.14%
Vanguard Target Enrollment 2036/2037 Portfolio	57.00%	38.00%	3.50%	1.50%	0.00%	0.14%
Vanguard Target Enrollment 2034/2035 Portfolio	57.00%	38.00%	3.50%	1.50%	0.00%	0.14%
Vanguard Target Enrollment 2032/2033 Portfolio	52.20%	34.80%	9.10%	3.90%	0.00%	0.14%
Vanguard Target Enrollment 2030/2031 Portfolio	46.20%	30.80%	16.10%	6.90%	0.00%	0.14%

Vanguard Inflation-Protected Securities Portfolio	7.91	4.71	3.52	3.22	4.17	12/11/2002

The performance data shown represent past performance, which is not a guarantee of future results. Investment returns and principal value will fluctuate, so investors' Portfolio units, when sold, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data cited. For performance data current to the most recent month-end, visit [vanguard.com/performance](http://vanguard.com/performance).

13. The second paragraph on page 45, **Part 7 “Other Information About Your Account – Changing Investment Options for Current Balances and Future Contributions”** section is changed to the following:

If you reallocate your money within the Plan, you may be deemed to have used up your “twice-per-calendar-year” reallocation of assets and, therefore, you may be prohibited under federal tax rules from reallocating your investments in another 529 Plan sponsored by the state of Nevada during that year.

14. The first paragraph on page 48, **Part 7 “Other Information About Your Account – Confirmations and Statements”** section is changed to the following:

You will receive quarterly account statements indicating, for the applicable time period: (1) contributions made to the account, (2) withdrawals made from the account, (3) exchanges between investment options, (4) contribution percentages among selected investment options in the account, and (5) the total value of the account at the end of that time period. You will receive confirmations for any activity in the account, except for recurring contributions, contributions through an employer automatic investment plan, transfers from a Upromise Service account to your Plan account, or maintenance fee deductions. The Vanguard Plan periodically matches and updates the addresses of record against a change of address database maintained by the U.S. Postal Service to reduce the possibility that items sent by first-class mail, such as account statements, will be undeliverable.

15. The following note at the bottom of page 49, **Part 7 “Other Information About Your Account – Changing the Beneficiary”** section is removed from the Program Description:

*Note: Assets invested in an Age-Based Option, if not reallocated to a different investment option, will automatically be moved to the Portfolio within the Option that corresponds to the age of the new Beneficiary (unless the new Beneficiary is in the same age bracket as the former Beneficiary).*

16. Effective October 30, 2020, all references to the Vanguard Institutional Total Stock Market Index Fund are replaced with Vanguard Total Stock Market Index Fund.

## TOTAL ANNUAL ASSET-BASED FEE CHANGES

Effective October 30, 2020, the following replaces the fee table on page 38 of the Program Description:

Portfolio	Estimated Underlying Fund Expenses <sup>1</sup>	State Fee <sup>2</sup>	Program Management Fee <sup>3</sup>	Total Annual Asset-Based Fee

<b>Target Enrollment Portfolios</b>				
Vanguard Target Enrollment 2038/2039 Portfolio	0.03%	None	0.11%	0.14%
Vanguard Target Enrollment 2036/2037 Portfolio	0.03	None	0.11	0.14
Vanguard Target Enrollment 2034/2035 Portfolio	0.03	None	0.11	0.14
Vanguard Target Enrollment 2032/2033 Portfolio	0.03	None	0.11	0.14
Vanguard Target Enrollment 2030/2031 Portfolio	0.03	None	0.11	0.14
Vanguard Target Enrollment 2028/2029 Portfolio	0.03	None	0.11	0.14
Vanguard Target Enrollment 2026/2027 Portfolio	0.03	None	0.11	0.14
Vanguard Target Enrollment 2024/2025 Portfolio	0.03	None	0.11	0.14
Vanguard Target Enrollment 2022/2023 Portfolio <sup>4</sup>	0.03	None	0.11	0.14
Vanguard Target Enrollment 2020/2021 Portfolio <sup>4</sup>	0.03	None	0.11	0.14
Vanguard Commencement Portfolio <sup>4</sup>	0.03	None	0.11	0.14

<sup>1</sup>Expenses for multiple-fund Portfolios represent a weighted average of the expenses of the Portfolio's Underlying Funds. Expense ratios have been derived from each Underlying Fund's most recent prospectus as of July 29, 2020. The fees and expenses of the Underlying Funds may change.

<sup>2</sup>As described in *State Annual Payment*, Vanguard and Ascensus provide an annual payment to the state of Nevada Treasurer's Office for oversight of Nevada's 529 Plans.

<sup>3</sup>Vanguard and Ascensus have agreed to a specific formula for the allocation of the Program management fee.

<sup>4</sup>Estimated Underlying Fund Fees for Vanguard Target Enrollment Portfolio 2022/2023, Vanguard Target Enrollment Portfolio 2020/2021, Vanguard Commencement Portfolio, Vanguard Income Portfolio, and Vanguard Interest Accumulation Portfolio may include a stable value wrap fee of between 0.15% and 0.17%, which could reduce the returns of the Portfolios.

Effective October 30, 2020 the following replaces the investment cost example table on page 39 of the Program Description:

Portfolio	1 Year	3 Years	5 Years	10 Years
<b>Individual Portfolios</b>				
Vanguard Aggressive Growth Portfolio	\$14.34	\$45.15	\$79.02	\$179.20

These examples do not represent actual expenses or performance from the past or for the future. Actual future expenses may be higher or lower than those shown.

SUPPLEMENT DATED MARCH 2020 TO  
THE VANGUARD 529 COLLEGE SAVINGS PLAN  
PROGRAM DESCRIPTION DATED DECEMBER 2019

Please keep this Supplement, which describes important changes, with your other Vanguard 529 College Savings Plan documents.

**Federal Legislation Expands Use of 529 Plans**

On December 20, 2019, the President signed into law the Setting Every Community Up for Retirement Enhancement (SECURE) Act. In addition to a number of significant enhancements related to retirement savings, the SECURE Act expands the types of eligible expenses for which assets in 529 plan accounts can be used to include:

- The principal or interest on any qualified education loan (as defined in section 221(d) of the Internal Revenue Code) of the designated beneficiary or a sibling of the designated beneficiary, up to \$10,000 in total with respect to the loans of any individual ("Qualified Education Loans"). Note the \$10,000 limitation is a lifetime cap per individual; and
- Fees, books, supplies, and equipment required for the participation of a designated beneficiary in an apprenticeship program registered and certified with the Secretary of Labor under section 1 of the National Apprenticeship Act (29 U.S.C. 50) ("Apprenticeship Program Expenses").

Effective for distributions taken beginning January 1, 2019, the earnings portion of a distribution from a 529 plan account used for the Qualified Education Loans or for Apprenticeship Program Expenses won't be subject to federal income tax.

# The Vanguard 529 College Savings Plan Highlights

---

Purpose of The Vanguard Plan	To help individuals and families save for education expenses through a tax-advantaged investment plan sponsored by the state of Nevada.
Who's Who in The Vanguard Plan	The state of Nevada sponsors The Vanguard 529 Plan, which is offered by The Nevada College Savings Trust. Ascensus College Savings Recordkeeping Services, LLC, serves as the Program Manager for The Vanguard Plan, and investment management services are provided by The Vanguard Group. See <i>Part 1. Introduction, page 3.</i>
Contact Information	The Vanguard 529 College Savings Plan P.O. Box 55111 Boston, MA 02205-5111 vanguard.com/my529 Email: VGI529@vanguard.com Phone: 866-734-4530
Eligibility (Account Owner)	The Vanguard Plan is open to U.S. citizens and resident aliens who are at least 18 years old, have a Social Security number or taxpayer identification number, and have a U.S. permanent address that is not a P.O. box. There are no restrictions on state of residence or income. See <i>Part 2. Getting Started, page 5.</i>
Beneficiary (future student)	The Beneficiary may be a U.S. citizen or resident alien, with a valid U.S. permanent address that is not a P.O. box; a Social Security number or taxpayer identification number; and be of any age, from newborn to adult. You can change the Beneficiary or transfer a portion of the account to a different Beneficiary without adverse tax consequences, provided the new Beneficiary is a qualifying family member of the former Beneficiary. See <i>Part 7. Other Information About Your Account—Changing the Beneficiary, page 49.</i>
Contributions	Contributions may be made by anyone, regardless of their income. <u>Initial Contribution:</u> \$3,000 minimum (\$1,000 for Nevada residents only; \$50 through employer automatic investment plan or approved organization, if available). <u>Additional Contributions:</u> \$50 minimum. <u>Maximum Account Balance:</u> \$500,000 per Beneficiary—Once all accounts for a Beneficiary have reached the Maximum Account Balance the account may continue to accrue earnings, but additional contributions are prohibited. See <i>Part 7. Other Information About Your Account—Contributions, page 43.</i>
Investment Options and Performance	There are 23 different investment options, all managed by Vanguard: <ul style="list-style-type: none"><li>• 3 Age-Based Options (conservative, moderate, or aggressive).</li><li>• 20 Individual Portfolios.</li></ul> See <i>Part 3. The Vanguard Plan Investment Options, page 6.</i>
Risk Factors of the Plan	Investing in the Plan involves certain risks, including (i) the possibility that you may lose money over short or even long periods, (ii) the risk of federal and state tax-law changes, (iii) the risk of Plan changes including changes in fees, and (iv) the risk that contributions to the Plan may adversely affect the eligibility of the Beneficiary or the Account Owner for financial aid or other benefits. See <i>Part 5. Risks of Investing in The Vanguard Plan, page 40.</i>
Fees and Charges	Expense ratios range from 0.15% to 0.44% depending on the investment option. See <i>Part 4. The Vanguard Plan Fees and Charges, page 37.</i>
Tax Advantages	<ul style="list-style-type: none"><li>• Earnings accrue free from federal income tax.</li><li>• Depending upon the state in which you live or pay state income tax, your earnings may not be subject to state income tax.</li><li>• No federal income tax on Qualified Withdrawals.</li><li>• No gift tax on contributions up to certain limits—beginning in 2018, \$75,000 (for a single individual) and \$150,000 (for a married couple)—prorated over 5 years.</li></ul> Contributions to a 529 college savings plan are not deductible for federal income tax purposes. This Program Description does not contain legal or tax advice. You should consult your tax advisor for more information. See <i>Part 8. Federal and State Tax Treatment, page 50.</i>

---

---

**Qualified Withdrawals**

Assets in your Plan account can be used to pay for tuition, room and board (with limitations), books, supplies, fees, and equipment required for enrollment or attendance at any eligible postsecondary school in the U.S. or abroad, as well as for computer or certain peripheral equipment, certain computer software, or internet access and related services that are to be used primarily by the Beneficiary during any of the years the beneficiary is enrolled at any eligible postsecondary school in the U.S. or abroad. Also, assets used for expenses for tuition in connection with enrollment or attendance at an elementary or secondary public, private, or religious school ("K-12") will be considered a Qualified Withdrawal.  
See *Part 7. Other Information About Your Account—Withdrawals, page 46.*

---

**Account Control**

As Account Owner, you can:

- Choose how money will be invested.
- Retain control of how and when money is used.
- Change the Beneficiary without paying federal income tax or a federal penalty tax, if the new Beneficiary is a qualifying family member of the former Beneficiary.
- Withdraw money from the account, subject to applicable federal and state income taxes on earnings and a 10% federal penalty tax on earnings on Nonqualified Withdrawals.

See *Part 7. Other Information About Your Account, page 43.*

---

**Online Applications and Account Information**

- Account Owners may obtain an application online at [vanguard.com](http://vanguard.com), or by mail.
- Account Owners may choose to receive periodic account statements, transaction confirmations, and other personal correspondence online, rather than in paper format.

See *Part 2. Getting Started, page 5.*

---

**Privacy Policy**

All information you provide to The Vanguard Plan is treated confidentially. Vanguard and the State of Nevada have privacy policies for the benefit of Plan account owners.  
See *The Vanguard Plan Privacy Policies, page 55.*

---

## Part 1. Introduction

### General Information About 529 Plans and The Vanguard Plan

Section 529 of the Internal Revenue Code permits states and state agencies to sponsor qualified tuition programs ("529 Plans"), which are tax-advantaged programs intended to help individuals and families pay the costs of education. The Vanguard 529 College Savings Plan ("The Vanguard Plan" or the "Plan") is a 529 Plan sponsored by the state of Nevada. Even if you do not live in Nevada, you may invest in The Vanguard Plan.

### Who's Who in The Vanguard Plan

**The Trust**—The Nevada College Savings Trust Fund (the "Trust") is a trust created by the state of Nevada. The Trust offers several 529 Plans, including The Vanguard Plan. When you invest in the Plan, you are purchasing portfolio units issued by the Trust. Management of the Trust is overseen by the Board of Trustees of the College Savings Plans of Nevada, which is chaired by the Nevada State Treasurer.

**Ascensus College Savings Recordkeeping Services, LLC ("ACSR")**—The entity chosen by the Board to be the Plan's Program Manager responsible for the day-to-day operations of the Plan. ("Ascensus" is used to refer collectively or individually, as the case requires, to Ascensus College Savings Recordkeeping Services, LLC, or Ascensus Investment Advisors, LLC, and their affiliates.) *Under the Direct Program Management Agreement between ACSR and the Board (which expires in 2032 and may be terminated sooner under certain circumstances, including a material breach of the contract by either ACSR or the Board, or if the Board is no longer authorized to administer 529 plans including The Vanguard Plan as a result of any legislation or regulation changes), the Board may hire new or additional entities in the future to manage all or part of the Plan's assets.*

**Vanguard**—The entity chosen by the Board to be the Plan's Investment Manager and to assist Ascensus in marketing the Plan and distributing the securities issued by the Trust. ("Vanguard" is used to refer collectively or individually, as the case requires, to The Vanguard Group, Inc., Vanguard Marketing Corporation, and their affiliates.)

Throughout this document, the state of Nevada, any instrumentality of the state, the Trust, the Board, Ascensus, and Vanguard are referred to collectively as "Associated Persons" of The Vanguard Plan.

### Important Legal Information

**IMPORTANT INFORMATION ABOUT OPENING A NEW ACCOUNT.** Vanguard is required by federal law to obtain from each person who opens an account certain personal information—including name, street address, date of birth, taxpayer identification numbers, among other information—that will be used to verify identity. If you do not provide us with this information, we will not be able to open the

account. If we are unable to verify your identity, Vanguard reserves the right to close your account or take other steps we deem reasonable.

**529 Plans are intended to be used only to save for qualified education expenses.** 529 plans are not intended to be used, nor should they be used, by any taxpayer for the purpose of evading federal or state taxes or tax penalties. This Program Description is not intended to constitute, nor does it constitute, legal or tax advice. You should consult your own legal or tax advisor for more information on the tax implications of investing in the Plan based on your own particular circumstances.

**State tax and other benefits.** If you are not a Nevada taxpayer, consider before investing whether your or the Beneficiary's home state offers a 529 Plan that provides its taxpayers with favorable state tax or other benefits that may only be available through investment in the home state's 529 Plan, and which are not available through investment in The Vanguard Plan. Other state benefits may include financial aid, scholarship funds, and protection from creditors. Since different states have different tax provisions, this Program Description contains limited information about the state tax consequences of investing in the Plan.

Therefore, please consult your financial, tax, or other advisor to learn more about how state-based benefits (or any limitations) would apply to your specific circumstances. You may also wish to contact your home state's 529 Plan(s), or any other 529 Plan, to learn more about those plans' features, benefits, and limitations. Keep in mind that state-based benefits should be one of many appropriately weighted factors to be considered when making an investment decision.

**Investments are not guaranteed or insured.** Investments in The Vanguard Plan are not guaranteed or insured by the Plan, any of its Associated Persons, the Federal Deposit Insurance Corporation ("FDIC"), or any other entity. The value of your account will depend on market conditions and the performance of the investment options you select. Investments in The Vanguard Plan can go up or down in value, and you could lose money by investing in the Plan.

**The Plan is not a mutual fund.** Although money contributed to The Vanguard Plan will be invested in portfolios that hold Vanguard mutual funds or a separate account or both, none of the Trust, The Vanguard Plan, nor any of the Plan's investment portfolios is a mutual fund. An investment in The Vanguard Plan is an investment in municipal fund securities that are issued and offered by the Trust. These securities are not registered with the U.S. Securities and Exchange Commission ("SEC") or any state, nor are the Trust, the Plan, or the Plan's portfolios registered as investment companies with the SEC or any state.

**Suitability.** The Plan and its Associated Persons make no representations regarding the suitability of the Plan's investment options to any particular investor. Other types of investments and other types of college savings vehicles may be more appropriate depending upon your personal circumstances. Please consult your tax or investment advisor for more information.

**Other 529 Plans Sponsored by Nevada.** Nevada offers other 529 Plans that are not described in this Program Description. These 529 Plans have different investment options, investment advisors, fees, and sales commissions and may be marketed differently from The Vanguard Plan. Please go to [www.nv529.org](http://www.nv529.org) for information and materials that describe other 529 Plans sponsored by Nevada.

**Not an offer to sell.** This Program Description does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of a security issued by the Trust by any person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation, or sale.

**Information subject to change.** The information in this Program Description is believed to be accurate as of the cover date but is subject to change without notice. No one is authorized to provide information that is different from the information in the most current form of this Program Description and any amendments to this Program Description.

**Important reference material.** Please keep this Program Description for future reference. This document gives you important information about The Vanguard Plan, including information about the investment risks associated with, and the terms under which you agree to participate in, The Vanguard Plan.

## Part 2. Getting Started

This section offers a brief overview of the process needed to: (1) open an account with The Vanguard Plan, (2) choose a Beneficiary, (3) choose your investment options, and (4) contribute money to an account.

Before you begin, it is important that you understand two terms used throughout this Program Description.

- The *Account Owner* is the person who opens an account with The Vanguard Plan and controls the assets held in the account. References in this document to “you” mean you in your capacity as the Account Owner.
- The *Beneficiary* (future student) is the person designated by the Account Owner whose qualified education expenses will be paid (in whole or in part) using money from the account.

### 1. Opening an Account

#### *Who May Open an Account?*

To be an Account Owner, you must be a U.S. citizen or resident alien at least 18 years old and must have a Social Security number or taxpayer identification number. You must provide The Vanguard Plan with a U.S. permanent address that is not a post office box. Fiduciaries or agents for trusts, estates, corporations, companies, partnerships, and associations may also be Account Owners. Although anyone can contribute to an account, only the Account Owner controls how account assets are invested and used. On your Enrollment Application you may wish to consider designating someone to become the Account Owner to control the account in the event of your death.

#### *How Do You Open an Account?*

- Online: Complete the Enrollment Application online at [vanguard.com/vanguard529](http://vanguard.com/vanguard529).
- By mail: Complete, sign, and mail the Enrollment Application to The Vanguard 529 College Savings Plan, P.O. Box 55111, Boston, MA 02205-5111.

*Please see Part 7. Other Information About Your Account for a description of the Enrollment Application process and for more details on setting up an account with The Vanguard Plan.*

### 2. Choosing a Beneficiary

- Name a Beneficiary for the account on your Enrollment Application. A Beneficiary must be a U.S. citizen or resident alien and have a Social Security number or taxpayer identification number.
- You may name only one Beneficiary per account, but different Account Owners may establish different accounts for the same Beneficiary.
- You do not have to be related to the Beneficiary.
- You may name yourself as Beneficiary.

### 3. Choosing Your Investment Option

You may select from a number of investment options. The options fall into two categories:

- **Age-Based Options (3 options).** Designed for higher-education saving, the asset allocation of money invested in the Age-Based Options is automatically adjusted over time to become more conservative as the Beneficiary approaches college age.
- **Individual Portfolios (20 options).** The asset allocation of money invested in any of the Individual Portfolios is static; it does not change over time.

Each time you contribute, you may choose up to 5 investment options. You must allocate a minimum of 5% of the contribution to each option you choose, and the percentages must add up to 100%. *Please see Part 3. The Vanguard Plan Investment Options for details about the Plan’s investment options, including investment objectives, strategies, risks, and fees.*

### 4. Contributing to an Account

#### Initial Contribution

- You must open an account with an initial investment of \$3,000 or more, unless you are a Nevada resident or are enrolling online through your employer’s automatic investment plan or approved organization.
- If you are a Nevada resident, your initial investment must be \$1,000 or more.
- Approved organizations are those that have no existing business relationship with The Vanguard Plan but are granted the ability to invest in the Plan by the Board and Vanguard.

#### Additional Contributions

- You may make additional contributions to your account at any time. The minimum additional contribution is \$50.

#### Rollover Contributions and Other Transfers

- You may contribute to The Vanguard Plan through a rollover or transfer from another state’s 529 Plan, from another 529 Plan sponsored by the state of Nevada, or from another account in The Vanguard Plan.

#### Other Contributions

- You may contribute with assets from an UGMA/UTMA custodial account, an education savings account, or certain U.S. savings bonds issued after 1989.

*Please see Part 7. Other Information About Your Account—Contributions for additional details on contributing to your account, setting up an automatic investment plan, and the guidelines relating to transfers and rollovers.*

## Part 3. The Vanguard Plan Investment Options

### Investment Option Summary

The Vanguard Plan offers many different investment options for your account contributions.

- You can choose from among three Age-Based Options, in which your money automatically is moved to progressively more conservative Portfolios as your Beneficiary approaches college age. You can select the Age-Based Option—conservative, moderate, or aggressive—that best reflects your own risk tolerance. Age-based options are designed for college savings and may not be appropriate for K–12 time horizons. If you’re investing for K–12 goals, you may want to consider an asset mix made up of Individual Portfolios.
- You can choose from among 20 Individual Portfolios that offer investment choices of stock funds, bond funds, and a short-term reserves account. If you choose an Individual Portfolio, your money will remain in that Portfolio until you instruct the Plan to move it.

Whenever you contribute money to your account, you may allocate the contribution among a maximum of 5 investment options. For example, you may choose 5 Individual Portfolios, or one Age-Based Option and four Individual Portfolios.

Regardless of how many investment options you select, you must allocate a minimum of 5% of your contribution to each option. For example, you could choose three investment options and allocate your contribution 60%, 35%, and 5%.

Each investment option invests its assets in one or more mutual funds and/or a separate account managed by Vanguard (the “Underlying Funds”). Please keep in mind that you will not own shares of the Underlying Funds. You are purchasing units in the state Trust, which invests your money in the Underlying Funds.

The Board reserves the right to change, at any time and without prior notice, the Portfolios that make up the Age-Based Options, the asset allocation of the Individual Portfolios, or the Underlying Funds in which the Portfolios invest.

**PLEASE NOTE:** *The holding period for college investing is very short, relative to that for retirement investing (i.e., 5 to 20 years versus 30 to 60 years). Also, the need for liquidity during the withdrawal phase (to pay for certain educational expenses) generally is very important. You should seriously consider the level of risk you wish to assume, your investment time horizon, and other factors important to you before you select investment options. You should periodically assess, and if appropriate, adjust your investment choices with the same factors in mind. Note also that none of the Age-Based Options, the Individual Portfolios, or Vanguard can offer any assurance that the asset allocations will maximize returns, minimize risk, or be the appropriate allocation in all circumstances for every investor with a particular time horizon or risk tolerance. Further, when determining whether to save for elementary or secondary public, private, or religious school*

*(K–12), note that the Age-Based Options are designed for college savings time horizons and withdrawal periods and not for K–12 time horizons, which may be shorter.*

### The Age-Based Options

You may choose from the following three Age-Based Options:

- Vanguard Conservative Age-Based Option
- Vanguard Moderate Age-Based Option
- Vanguard Aggressive Age-Based Option

The Age-Based Options are designed to take into account a Beneficiary’s age and your investing time horizon—i.e., the number of years before the Beneficiary is expected to attend college or an accredited postsecondary educational institution (“Eligible Educational Institution”). Within the Age-Based Options, you may invest according to your risk tolerance, in a conservative, moderate, or aggressive asset allocation. In general, for younger Beneficiaries, the Age-Based Options will be invested in Portfolios more heavily weighted in stocks to capitalize on the longer investment horizon and to try to maximize returns. As time passes, account assets are automatically moved to more conservative Portfolios in an effort to preserve capital as the withdrawal phase approaches. There is no assurance that any Portfolio will be able to achieve its goals. Keep in mind that the Age-Based Options are designed for college savings and may not be appropriate for K–12 time horizons. If you’re investing for K–12 goals, you may want to consider an asset mix made up of Individual Portfolios.

As the table on page 8 shows, for any particular age group, the Conservative Age-Based Option usually has a higher concentration of assets in bond funds and/or short-term reserves than does the Moderate Age-Based Option. The same is true for the Moderate Age-Based Option compared with the Aggressive Age-Based Option. Portfolios with higher allocations in bonds and short-term reserves tend to be less volatile than those with higher stock allocations. Less volatile Portfolios generally will not decline as much when stock markets go down, but also generally will not appreciate in value as much when stock markets go up.

For each of the Age-Based Options, The Vanguard Plan will automatically exchange assets from one Portfolio to another as the Beneficiary ages. The exchange occurs during the month following the month of the Beneficiary’s birth date, according to the following schedule:

## Vanguard Age-Based Options—Designed for Higher Education

Age of beneficiary:

0–2 years    3–4 years    5–6 years    7–8 years    9–10 years    11–12 years    13–14 years    15 years    16 years    17 years    18 years    19 years or older

### Conservative Option

### Moderate Option

### Aggressive Option

■ Stocks    ■ Bonds    ■ Short-term reserves

\*Portfolio is only available for purchase as part of an Age-Based Option and can't be purchased individually.

Within the above Age-Based Options, you may invest according to your risk tolerance, in a conservative, moderate, or aggressive asset allocation. In general, for younger Beneficiaries, the Age-Based Options will be invested in Portfolios more heavily weighted in stocks to capitalize on the longer investment time horizon and to try to maximize returns. As time passes, account assets are automatically moved to more conservative Portfolios in an effort to preserve capital as the withdrawal phase approaches.

Note: There are certain Portfolios indicated with an asterisk within each Age-Based Option that are not available for purchase as an Individual Portfolio. The allocation to the Underlying Funds held in these Portfolios can be found below.

Descriptions for each of the underlying funds are shown in The Vanguard Plan Portfolio Profiles below.

### The plan's Age-Based Options with their underlying fund holdings

■ Stocks ■ Bonds ■ Short-term reserves

\*Portfolio is only available for purchase as part of an Age-Based Option and can't be purchased individually.

## Vanguard 90% Stock/10% Bond Portfolio

### *Investment Objective*

The Portfolio seeks growth of capital and current income.

### *Investment Strategy*

The Portfolio invests in two Vanguard stock index funds and two Vanguard bond index funds, resulting in an allocation of 90% of its assets to stocks and 10% of its assets to investment-grade bonds. The percentages of the Portfolio's assets allocated to each Underlying Fund are:

Vanguard Institutional Total Stock Market Index Fund	54%
Vanguard Total International Stock Index Fund	36%
Vanguard Total Bond Market II Index Fund	7%
Vanguard Total International Bond Index Fund	3%

Through its investment in Vanguard Institutional Total Stock Market Index Fund, the Portfolio indirectly invests in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-, small-, and micro-capitalization U.S. stocks. The Fund holds a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq.

Through its investment in Vanguard Total International Stock Index Fund, the Portfolio indirectly invests in international stocks.

Through its investment in Vanguard Total Bond Market II Index Fund, the Portfolio also indirectly invests in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through its investment in Vanguard Total International Bond Index Fund, the Portfolio also indirectly invests in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

### *Investment Risks*

The Portfolio is subject to the risks of the underlying stock funds, which include **stock market risk**, **country/regional risk**, **currency risk**, and **emerging markets risk**, and the risks of the underlying bond funds, which include **interest rate risk**, **income risk**, **prepayment risk**, **extension risk**, **call risk**, **credit risk**, **country/regional risk**, **liquidity risk**, **currency and currency hedging risk**, and **derivatives risk**. The Portfolio is also subject to **investment style risk**, **index sampling risk**, and **nondiversification risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.15%.

## Vanguard 80% Stock/20% Bond Portfolio

### *Investment Objective*

The Portfolio seeks growth of capital and current income.

### *Investment Strategy*

The Portfolio invests in two Vanguard stock index funds and two Vanguard bond index funds, resulting in an allocation of 80% of its assets to stocks and 20% of its assets to investment-grade bonds. The percentages of the Portfolio's assets allocated to each Underlying Fund are:

Vanguard Institutional Total Stock Market Index Fund	48%
Vanguard Total International Stock Index Fund	32%
Vanguard Total Bond Market II Index Fund	14%
Vanguard Total International Bond Index Fund	6%

Through its investment in Vanguard Institutional Total Stock Market Index Fund, the Portfolio indirectly invests in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-, small-, and micro-capitalization U.S. stocks. The Fund holds a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq.

Through its investment in Vanguard Total International Stock Index Fund, the Portfolio indirectly invests in international stocks.

Through its investment in Vanguard Total Bond Market II Index Fund, the Portfolio also indirectly invests in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through its investment in Vanguard Total International Bond Index Fund, the Portfolio also indirectly invests in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

### *Investment Risks*

The Portfolio is subject to the risks of the underlying stock funds, which include **stock market risk**, **country/regional risk**, **currency risk**, and **emerging markets risk**, and the risks of the underlying bond funds, which include **interest rate risk**, **income risk**, **prepayment risk**, **extension risk**, **call risk**, **credit risk**, **country/regional risk**, **liquidity risk**, **currency and currency hedging risk**, and **derivatives risk**. The Portfolio is also subject to **investment style risk**, **index sampling risk**, and **nondiversification risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.15%.

## Vanguard 70% Stock/30% Bond Portfolio

### *Investment Objective*

The Portfolio seeks growth of capital and current income.

### *Investment Strategy*

The Portfolio invests in two Vanguard stock index funds and two Vanguard bond index funds, resulting in an allocation of 70% of its assets to stocks and 30% of its assets to investment-grade bonds. The percentages of the Portfolio's assets allocated to each Underlying Fund are:

Vanguard Institutional Total Stock Market Index Fund	42%
Vanguard Total International Stock Index Fund	28%
Vanguard Total Bond Market II Index Fund	21%
Vanguard Total International Bond Index Fund	9%

Through its investment in Vanguard Institutional Total Stock Market Index Fund, the Portfolio indirectly invests in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-, small-, and micro-capitalization U.S. stocks. The Fund holds a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq.

Through its investment in Vanguard Total International Stock Index Fund, the Portfolio indirectly invests in international stocks.

Through its investment in Vanguard Total Bond Market II Index Fund, the Portfolio also indirectly invests in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through its investment in Vanguard Total International Bond Index Fund, the Portfolio also indirectly invests in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

### *Investment Risks*

The Portfolio is subject to the risks of the underlying stock funds, which include **stock market risk**, **country/regional risk**, **currency risk**, and **emerging markets risk**, and the risks of the underlying bond funds, which include **interest rate risk**, **income risk**, **prepayment risk**, **extension risk**, **call risk**, **credit risk**, **country/regional risk**, **liquidity risk**, **currency and currency hedging risk**, and **derivatives risk**. The Portfolio is also subject to **investment style risk**, **index sampling risk**, and **nondiversification risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.15%.

## Vanguard 60% Stock/40% Bond Portfolio

### *Investment Objective*

The Portfolio seeks growth of capital and current income.

### *Investment Strategy*

The Portfolio invests in two Vanguard stock index funds and two Vanguard bond index funds, resulting in an allocation of 60% of its assets to stocks and 40% of its assets to investment-grade bonds. The percentages of the Portfolio's assets allocated to each Underlying Fund are:

Vanguard Institutional Total Stock Market Index Fund	36%
Vanguard Total International Stock Index Fund	24%
Vanguard Total Bond Market II Index Fund	28%
Vanguard Total International Bond Index Fund	12%

Through its investment in Vanguard Institutional Total Stock Market Index Fund, the Portfolio indirectly invests in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-, small-, and micro-capitalization U.S. stocks. The Fund holds a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq.

Through its investment in Vanguard Total International Stock Index Fund, the Portfolio indirectly invests in international stocks.

Through its investment in Vanguard Total Bond Market II Index Fund, the Portfolio also indirectly invests in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through its investment in Vanguard Total International Bond Index Fund, the Portfolio also indirectly invests in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

### *Investment Risks*

The Portfolio is subject to the risks of the underlying stock funds, which include **stock market risk**, **country/regional risk**, **currency risk**, and **emerging markets risk**, and the risks of the underlying bond funds, which include **interest rate risk**, **income risk**, **prepayment risk**, **extension risk**, **call risk**, **credit risk**, **country/regional risk**, **liquidity risk**, **currency and currency hedging risk**, and **derivatives risk**. The Portfolio is also subject to **investment style risk**, **index sampling risk**, and **nondiversification risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.15%.

## Vanguard 40% Stock/60% Bond Portfolio

### *Investment Objective*

The Portfolio seeks current income and growth of capital.

### *Investment Strategy*

The Portfolio invests in two Vanguard stock index funds and two Vanguard bond index funds, resulting in an allocation of 40% of its assets to stocks and 60% of its assets to investment-grade bonds. The percentages of the Portfolio's assets allocated to each Underlying Fund are:

Vanguard Institutional Total Stock Market Index Fund	24%
Vanguard Total International Stock Index Fund	16%
Vanguard Total Bond Market II Index Fund	42%
Vanguard Total International Bond Index Fund	18%

Through its investment in Vanguard Institutional Total Stock Market Index Fund, the Portfolio indirectly invests in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-, small-, and micro-capitalization U.S. stocks. The Fund holds a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq.

Through its investment in Vanguard Total International Stock Index Fund, the Portfolio indirectly invests in international stocks.

Through its investment in Vanguard Total Bond Market II Index Fund, the Portfolio also indirectly invests in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through its investment in Vanguard Total International Bond Index Fund, the Portfolio also indirectly invests in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

### *Investment Risks*

The Portfolio is subject to the risks of the underlying stock funds, which include **stock market risk**, **country/regional risk**, **currency risk**, and **emerging markets risk**, and the risks of the underlying bond funds, which include **interest rate risk**, **income risk**, **prepayment risk**, **extension risk**, **call risk**, **credit risk**, **country/regional risk**, **liquidity risk**, **currency and currency hedging risk**, and **derivatives risk**. The Portfolio is also subject to **investment style risk**, **index sampling risk**, and **nondiversification risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.15%.

## Vanguard 10% Stock/90% Bond Portfolio

### *Investment Objective*

The Portfolio seeks current income and growth of capital.

### *Investment Strategy*

The Portfolio invests in two Vanguard stock index funds and two Vanguard bond index funds, resulting in an allocation of 10% of its assets to stocks and 90% of its assets to investment-grade bonds. The percentages of the Portfolio's assets allocated to each Underlying Fund are:

Vanguard Institutional Total Stock Market Index Fund	6%
Vanguard Total International Stock Index Fund	4%
Vanguard Total Bond Market II Index Fund	63%
Vanguard Total International Bond Index Fund	27%

Through its investment in Vanguard Institutional Total Stock Market Index Fund, the Portfolio indirectly invests in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-, small-, and micro-capitalization U.S. stocks. The Fund holds a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq.

Through its investment in Vanguard Total International Stock Index Fund, the Portfolio indirectly invests in international stocks.

Through its investment in Vanguard Total Bond Market II Index Fund, the Portfolio also indirectly invests in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through its investment in Vanguard Total International Bond Index Fund, the Portfolio also indirectly invests in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

### *Investment Risks*

The Portfolio is subject to the risks of the underlying stock funds, which include **stock market risk, country/regional risk, currency risk, and emerging markets risk**, and the risks of the underlying bond funds, which include **interest rate risk, income risk, prepayment risk, extension risk, call risk, credit risk, country/regional risk, liquidity risk, currency and currency hedging risk, and derivatives risk**. The Portfolio is also subject to **investment style risk, index sampling risk, and nondiversification risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.15%.

## Vanguard 50% Bond/50% Short-Term Reserves Portfolio

### Investment Objective

The Portfolio seeks current income.

### Investment Strategy

The Portfolio invests in three Vanguard bond index funds and one Vanguard short-term reserves account, resulting in an allocation of 50% of its assets to investment-grade bonds and 50% of its assets to short-term investments. The percentages of the Portfolio's assets allocated to each Underlying Fund are:

Vanguard Total Bond Market II Index Fund	23%
Vanguard Total International Bond Index Fund	15%
Vanguard Short-Term Inflation-Protected Securities Index Fund	12%
Vanguard Short-Term Reserves Account	50%

Through its investment in Vanguard Total Bond Market II Index Fund, the Portfolio also indirectly invests in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through its investment in Vanguard Total International Bond Index Fund, the Portfolio also indirectly invests in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

Through its investment in Vanguard Short-Term Inflation-Protected Securities Index Fund, the Portfolio indirectly invests in inflation-protected public obligations issued by the U.S. Treasury with remaining maturities of less than 5 years. The Fund employs an indexing investment strategy designed to track the performance of the Bloomberg Barclays U.S. Treasury Inflation-Protected Securities 0-5 Year Index.

Through its investment in Vanguard Short-Term Reserves Account, the Portfolio indirectly invests in funding agreements issued by one or more insurance companies, synthetic investment contracts (SICs), and shares of Vanguard Federal Money Market Fund. Funding agreements and SICs are interest-bearing contracts that are structured to preserve

principal and accumulate interest earnings over the life of the investment. Funding agreements generally pay interest at a fixed interest rate and have fixed maturity dates that normally range from 2 to 5 years. SICs pay a variable interest rate and have an average duration range between 2 and 5 years. The Federal Money Market Fund invests primarily in high-quality, short-term money market instruments issued by the U.S. government and its agencies and instrumentalities.

*Note: Vanguard Short-Term Reserves Account's investments in Vanguard Federal Money Market Fund are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the Federal Money Market Fund seeks to preserve the value of the investment at \$1 per share, it cannot guarantee that it will do so. It is possible that Vanguard Short-Term Reserves Account may lose money by investing in the Fund. The Vanguard Group, Inc., has no legal obligation to provide financial support to the Fund, and there should be no expectation that the sponsor will provide financial support to the Fund at any time.*

### Investment Risks

The Portfolio is subject to the risks of the Underlying Funds, which include **interest rate risk, credit risk, income risk, call risk, prepayment risk, extension risk, income fluctuation risk, country/regional risk, currency hedging risk, nondiversification risk, manager risk, index sampling risk, and derivatives risk.**

### Expense Ratio

The expense ratio for this Portfolio is 0.15%.

## Vanguard 25% Bond/75% Short-Term Reserves Portfolio

### Investment Objective

The Portfolio seeks current income.

### Investment Strategy

The Portfolio invests in three Vanguard bond index funds and one Vanguard short-term reserves account, resulting in an allocation of 25% of its assets to investment-grade bonds and 75% of its assets to short-term investments. The percentages of the Portfolio's assets allocated to each Underlying Fund are:

Vanguard Total Bond Market II Index Fund	11.5%
Vanguard Total International Bond Index Fund	7.5%
Vanguard Short-Term Inflation-Protected Securities Index Fund	6%
Vanguard Short-Term Reserves Account	75%

Through its investment in Vanguard Total Bond Market II Index Fund, the Portfolio also indirectly invests in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through its investment in Vanguard Total International Bond Index Fund, the Portfolio also indirectly invests in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

Through its investment in Vanguard Short-Term Inflation-Protected Securities Index Fund, the Portfolio indirectly invests in inflation-protected public obligations issued by the U.S. Treasury with remaining maturities of less than 5 years. The Fund employs an indexing investment strategy designed to track the performance of the Bloomberg Barclays U.S. Treasury Inflation-Protected Securities 0-5 Year Index.

Through its investment in Vanguard Short-Term Reserves Account, the Portfolio indirectly invests in funding agreements issued by one or more insurance companies, synthetic investment contracts (SICs), and shares of Vanguard Federal Money Market Fund. Funding agreements and SICs are interest-bearing contracts that are structured to preserve

principal and accumulate interest earnings over the life of the investment. Funding agreements generally pay interest at a fixed interest rate and have fixed maturity dates that normally range from 2 to 5 years. SICs pay a variable interest rate and have an average duration range between 2 and 5 years. The Federal Money Market Fund invests primarily in high-quality, short-term money market instruments issued by the U.S. government and its agencies and instrumentalities.

**Note:** Vanguard Short-Term Reserves Account's investments in Vanguard Federal Money Market Fund are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the Federal Money Market Fund seeks to preserve the value of the investment at \$1 per share, it cannot guarantee that it will do so. It is possible that Vanguard Short-Term Reserves Account may lose money by investing in the Fund. The Vanguard Group, Inc., has no legal obligation to provide financial support to the Fund, and there should be no expectation that the sponsor will provide financial support to the Fund at any time.

### Investment Risks

The Portfolio is subject to the risks of the Underlying Funds, which include **interest rate risk, credit risk, income risk, call risk, prepayment risk, extension risk, income fluctuation risk, country/regional risk, currency hedging risk, nondiversification risk, manager risk, index sampling risk, and derivatives risk.**

### Expense Ratio

The expense ratio for this Portfolio is 0.15%.

## The Individual Portfolios

Unlike the Age-Based Options, the Individual Portfolios do not change asset allocations as the Beneficiary ages. Instead, the asset allocation of each Portfolio remains fixed over time.

If you prefer to make your own investment decisions or you wish to be more aggressive or conservative than the Age-Based Options allow, the following six portfolios offered in the Age-Based Options are also offered as Individual Portfolios: Vanguard Aggressive Growth Portfolio, Vanguard Growth Portfolio, Vanguard Moderate Growth Portfolio, Vanguard Conservative Growth Portfolio, Vanguard Income Portfolio, and Vanguard Interest Accumulation Portfolio. If you choose to invest in Individual Portfolios that have a significant weighting in stocks, you should consider moving your assets to more conservative Portfolios as your Beneficiary approaches college age. Please note that there are limitations on your ability to move assets from one Portfolio to another. You may only move assets twice per calendar year. See **Part 7. Other Information About Your Account—Changing Investment Options for Current Balances and Future Contributions.**

The Vanguard Individual Portfolios consist of 5 Multi-Fund Individual Portfolios, which invest in multiple Underlying Funds (the percentages of those investments are detailed on the following pages), and 15 Single-Fund Individual Portfolios, which invest in a single Underlying Fund. Allocations of the Underlying Funds for each Multi-Fund Portfolio are listed within the respective Portfolio Profiles on the following pages.

## Multi-Fund Individual Portfolios:

- Vanguard Aggressive Growth Portfolio
- Vanguard Growth Portfolio
- Vanguard Moderate Growth Portfolio
- Vanguard Conservative Growth Portfolio
- Vanguard Income Portfolio

## Single-Fund Individual Portfolios:

- Vanguard Total Stock Market Index Portfolio
- Vanguard Total International Stock Index Portfolio
- Vanguard 500 Index Portfolio
- Vanguard U.S. Growth Portfolio
- Vanguard Windsor Portfolio
- Vanguard Growth Index Portfolio
- Vanguard Value Index Portfolio
- Vanguard Mid-Cap Index Portfolio
- Vanguard Small-Cap Index Portfolio
- Vanguard STAR Portfolio
- Vanguard Total International Bond Index Portfolio
- Vanguard Total Bond Market Index Portfolio
- Vanguard Inflation-Protected Securities Portfolio
- Vanguard High Yield Bond Portfolio
- Vanguard Interest Accumulation Portfolio

## The Vanguard Plan Portfolio Profiles

**Requesting Additional Information About the Underlying Funds.** Your contributions to a Portfolio will be invested in one or more of the Underlying Funds. *Please keep in mind that you will not own shares of the Underlying Funds. Instead, you will own interests in the Trust created and sponsored by the state of Nevada.* Additional information about the investment strategies and risks of each Underlying Fund, except for Vanguard Short-Term Reserves Account, is available in its current prospectus and Statement of Additional Information. Information about Vanguard Short-Term Reserves Account is found later within this Program Description. You can request a copy of the current prospectus, the *Statement of Additional Information*, or the most recent semiannual or annual report of any Underlying Fund, except for Vanguard Short-Term Reserves Account, by visiting Vanguard’s website at [vanguard.com](http://vanguard.com) or by calling 866-734-4530.

**The Target Indexes of the Underlying Funds May Change.** Many of the Underlying Funds are index funds. Vanguard Short-Term Reserves Account, Vanguard High-Yield Corporate Fund, Vanguard Inflation-Protected Securities Fund, Vanguard U.S. Growth Fund, Vanguard Windsor Fund, and Vanguard STAR Fund are not index funds. Each index fund reserves the right to substitute a different index for the index it currently seeks to track. This could happen if the current index is discontinued, if the Underlying Fund’s agreement with the sponsor of its current index is terminated, or for any other reason determined in good faith by the Underlying Fund’s board of trustees. In any such instance, the substitute index would measure the same market segment as the current index.

**Expense Ratio.** The Vanguard Plan charges an expense ratio that includes both the Underlying Fund expenses and program management fees. (See **Part 4. The Vanguard Plan Fees and Charges.**)

**Risk Information.** The profiles that follow identify the risks of each Portfolio. An explanation of these risks appears after the profiles.

## Vanguard Aggressive Growth Portfolio

### **Investment Objective**

The Portfolio seeks to provide capital appreciation.

### **Investment Strategy**

The Portfolio invests in two Vanguard stock index funds. The percentages of the Portfolio’s assets allocated to each Underlying Fund are:

Vanguard Institutional Total Stock Market Index Fund	60%
Vanguard Total International Stock Index Fund	40%

Through its investment in Vanguard Institutional Total Stock Market Index Fund, the Portfolio indirectly invests in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-, small-, and micro-capitalization U.S. stocks. The Fund invests in a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq. Through its investment in Vanguard Total International Stock Index Fund, the Portfolio indirectly invests in international stocks.

### **Investment Risks**

The Portfolio is subject to the risks of the underlying stock funds, which include **stock market risk, country/regional risk, currency risk, emerging markets risk, investment style risk, and index sampling risk.**

### **Expense Ratio**

The expense ratio for this Portfolio is 0.15%.

## Vanguard Growth Portfolio

### *Investment Objective*

The Portfolio seeks to provide a high level of capital appreciation and low current income.

### *Investment Strategy*

The Portfolio invests in two Vanguard stock index funds and two Vanguard bond index funds, resulting in an allocation of 75% of its assets to stocks and 25% of its assets to investment-grade bonds. The percentages of the Portfolio's assets allocated to each Underlying Fund are:

Vanguard Institutional Total Stock Market Index Fund	45%
Vanguard Total International Stock Index Fund	30%
Vanguard Total Bond Market II Index Fund	17.5%
Vanguard Total International Bond Index Fund	7.5%

Through its investment in Vanguard Institutional Total Stock Market Index Fund, the Portfolio indirectly invests in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-, small-, and micro-capitalization U.S. stocks. The Fund holds a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq. Through its investment in Vanguard Total International Stock Index Fund, the Portfolio indirectly invests in international stocks.

Through its investment in Vanguard Total Bond Market II Index Fund, the Portfolio also indirectly invests in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through its investment in Vanguard Total International Bond Index Fund, the Portfolio also indirectly invests in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

### *Investment Risks*

The Portfolio is subject to the risks of the underlying stock funds, which include **stock market risk**, **country/regional risk**, **currency risk**, and **emerging markets risk**, and the risks of the underlying bond funds, which include **interest rate risk**, **income risk**, **prepayment risk**, **extension risk**, **call risk**, **credit risk**, **country/regional risk**, **liquidity risk**, **currency and currency hedging risk**, and **derivatives risk**. The Portfolio is also subject to **investment style risk**, **index sampling risk**, and **nondiversification risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.15%.

## Vanguard Moderate Growth Portfolio

### *Investment Objective*

The Portfolio seeks to provide capital appreciation and current income.

### *Investment Strategy*

The Portfolio invests in two Vanguard stock index funds and two Vanguard bond index funds, resulting in an allocation of 50% of its assets to stocks and 50% of its assets to investment-grade bonds. The percentages of the Portfolio's assets allocated to each Underlying Fund are:

Vanguard Institutional Total Stock Market Index Fund	30%
Vanguard Total International Stock Index Fund	20%
Vanguard Total Bond Market II Index Fund	35%
Vanguard Total International Bond Index Fund	15%

Through its investment in Vanguard Institutional Total Stock Market Index Fund, the Portfolio indirectly invests in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-, small-, and micro-capitalization U.S. stocks. The Fund holds a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq.

Through its investment in Vanguard Total International Stock Index Fund, the Portfolio indirectly invests in international stocks.

Through its investment in Vanguard Total Bond Market II Index Fund, the Portfolio also indirectly invests in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through its investment in Vanguard Total International Bond Index Fund, the Portfolio also indirectly invests in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

### *Investment Risks*

The Portfolio is subject to the risks of the underlying stock funds, which include **stock market risk**, **country/regional risk**, **currency risk**, and **emerging markets risk**, and the risks of the underlying bond funds, which include **interest rate risk**, **income risk**, **prepayment risk**, **extension risk**, **call risk**, **credit risk**, **country/regional risk**, **liquidity risk**, **currency and currency hedging risk**, and **derivatives risk**. The Portfolio is also subject to **investment style risk**, **index sampling risk**, and **nondiversification risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.15%.

## Vanguard Conservative Growth Portfolio

### *Investment Objective*

The Portfolio seeks to provide a high level of current income and low capital appreciation.

### *Investment Strategy*

The Portfolio invests in two Vanguard bond index funds and two Vanguard stock index funds, resulting in an allocation of 75% of its assets to investment-grade bonds and 25% of its assets to stocks. The percentages of the Portfolio's assets allocated to each Underlying Fund are:

Vanguard Total Bond Market II Index Fund	52.5%
Vanguard Total International Bond Index Fund	22.5%
Vanguard Institutional Total Stock Market Index Fund	15%
Vanguard Total International Stock Index Fund	10%

Through its investment in Vanguard Total Bond Market II Index Fund, the Portfolio indirectly invests in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through its investment in Vanguard Total International Bond Index Fund, the Portfolio also indirectly invests in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure.

Through its investment in Vanguard Institutional Total Stock Market Index Fund, the Portfolio indirectly invests in primarily large-capitalization U.S. stocks and, to a lesser extent, mid-, small-, and micro-capitalization U.S. stocks. The Fund holds a broadly diversified collection of securities that, in the aggregate, approximates the total market capitalization of all the U.S. common stocks regularly traded on the New York Stock Exchange and Nasdaq.

Through its investment in Vanguard Total International Stock Index Fund, the Portfolio also indirectly invests in international stocks.

### *Investment Risks*

The Portfolio is subject to the risks of the underlying bond funds, which include **interest rate risk, income risk, prepayment risk, extension risk, call risk, credit risk, country/regional risk, liquidity risk, currency and currency hedging risk, and derivatives risk**, and the risks of the underlying stock funds, which include **stock market risk, country/regional risk, currency risk, and emerging markets risk**. The Portfolio is also subject to **investment style risk, index sampling risk, and nondiversification risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.15%.

## Vanguard Income Portfolio

### Investment Objective

The Portfolio seeks to provide current income.

### Investment Strategy

The Portfolio invests in three Vanguard bond funds and one Vanguard short-term reserves account, resulting in an allocation of 75% of its assets to investment-grade bonds and 25% of its assets to short-term investments. The percentages of the Portfolio's assets allocated to each Underlying Fund are:

Vanguard Total Bond Market II Index Fund	34.5%
Vanguard Total International Bond Index Fund	22.5%
Vanguard Short-Term Inflation-Protected Securities Index Fund	18%
Vanguard Short-Term Reserves Account	25%

Through its investment in Vanguard Total Bond Market II Index Fund, the Portfolio indirectly invests in a broadly diversified collection of securities that, in the aggregate, approximates the Bloomberg Barclays U.S. Aggregate Float Adjusted Index in terms of key risk factors and other characteristics. The Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The bond fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

Through its investment in Vanguard Total International Bond Index Fund, the Portfolio also indirectly invests in government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. To minimize currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposures. Through its investment in Vanguard Short-Term Inflation-Protected Securities Index Fund, the Portfolio indirectly invests in inflation-protected public obligations issued by the U.S. Treasury with remaining maturities of less than 5 years. The Fund employs an indexing investment strategy designed to track the performance of the Bloomberg Barclays U.S. Treasury Inflation-Protected Securities 0-5 Year Index.

Through its investment in Vanguard Short-Term Reserves Account, the Portfolio indirectly invests in funding agreements issued by one or more insurance companies, synthetic investment contracts (SICs), and shares of Vanguard Federal Money Market Fund. Funding agreements and SICs are interest-bearing contracts that are structured to preserve principal and accumulate interest earnings over the life of the investment. Funding agreements generally pay interest at a

fixed interest rate and have fixed maturity dates that normally range from 2 to 5 years. SICs pay a variable interest rate and have an average duration range between 2 and 5 years. The Federal Money Market Fund invests primarily in high-quality, short-term money market instruments issued by the U.S. government and its agencies and instrumentalities.

*Note: Vanguard Short-Term Reserves Account's investments in Vanguard Federal Money Market Fund are not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the Federal Money Market Fund seeks to preserve the value of the investment at \$1 per share, it cannot guarantee that it will do so. It is possible that Vanguard Short-Term Reserves Account may lose money by investing in the Fund. The Vanguard Group, Inc., has no legal obligation to provide financial support to the Fund, and there should be no expectation that the sponsor will provide financial support to the Fund at any time.*

### Investment Risks

The Portfolio is subject to the risks of the underlying bond funds, which include **interest rate risk, credit risk, income risk, call risk, prepayment risk, extension risk, income fluctuation risk, country/regional risk, currency hedging risk, nondiversification risk, manager risk, index sampling risk, and derivatives risk.**

### Expense Ratio

The expense ratio for this Portfolio is 0.15%.

## Vanguard Total Stock Market Index Portfolio

### *Investment Objective*

The Portfolio seeks to track the performance of a benchmark index that measures the investment return of the overall stock market.

### *Investment Strategy*

The Portfolio invests in Vanguard Institutional Total Stock Market Index Fund, which employs an indexing investment approach designed to track the performance of the CRSP US Total Market Index. The Index represents approximately 100% of the investable U.S. stock market and includes large-, mid-, small-, and micro-cap stocks regularly traded on the New York Stock Exchange and Nasdaq. The Fund invests by sampling the Index, meaning that it holds a broadly diversified collection of securities that, in the aggregate, approximates the full Index in terms of key characteristics. These key characteristics include industry weightings and market capitalization, as well as certain financial measures, such as price/earnings ratio and dividend yield.

### *Investment Risks*

The Portfolio is subject to **stock market risk** and **index sampling risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.15%.

## Vanguard Total International Stock Index Portfolio

### *Investment Objective*

The Portfolio seeks to track the performance of a benchmark index that measures the investment return of stocks issued by companies in developed and emerging markets, excluding the United States.

### *Investment Strategy*

The Portfolio invests 100% of its assets in Vanguard Total International Stock Index Fund, which employs an indexing investment approach designed to track the performance of the FTSE Global All Cap ex US Index, a float-adjusted market-capitalization-weighted index designed to measure equity market performance of companies located in developed and emerging markets, excluding the United States. The Index includes approximately 5,700 stocks of companies located in 45 countries. The Fund invests all, or substantially all, of its assets in the common stocks included in its target index.

### *Investment Risks*

The Portfolio is subject to **stock market risk**, **investment style risk**, **country/regional risk**, **currency risk**, and **emerging markets risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.195%.

### Vanguard 500 Index Portfolio

#### *Investment Objective*

The Portfolio seeks to track the performance of a benchmark index that measures the investment return of large-capitalization stocks.

#### *Investment Strategy*

The Portfolio invests in Vanguard Institutional Index Fund, which employs an indexing investment approach designed to track the performance of the Standard & Poor's 500 Index, a widely recognized benchmark of U.S. stock market performance that is dominated by the stocks of large U.S. companies. The Fund attempts to replicate the target index by investing all, or substantially all, of its assets in the stocks that make up the Index, holding each stock in approximately the same proportion as its weighting in the Index.

#### *Investment Risks*

The Portfolio is subject to **stock market risk** and **investment style risk**.

#### *Expense Ratio*

The expense ratio for this Portfolio is 0.15%.

### Vanguard U.S. Growth Portfolio

#### *Investment Objective*

The Portfolio seeks to provide long-term capital appreciation.

#### *Investment Strategy*

The Portfolio invests in Vanguard U.S. Growth Fund, which invests mainly in large-capitalization stocks of U.S. companies considered to have above-average earnings growth potential and reasonable stock prices in comparison with expected earnings. Under normal circumstances, at least 80% of the Fund's assets will be invested in securities issued by U.S. companies. The Fund uses multiple investment advisors. Each advisor independently selects and maintains a portfolio of common stocks for the Fund.

#### *Investment Risks*

The Portfolio is subject to **stock market risk**, **investment style risk**, **asset concentration risk**, and **manager risk**.

#### *Expense Ratio*

The expense ratio for this Portfolio is 0.43%.

### Vanguard Windsor Portfolio

#### *Investment Objective*

The Portfolio seeks to provide long-term capital appreciation and income.

#### *Investment Strategy*

The Portfolio invests in Vanguard Windsor Fund, which invests mainly in large- and mid-capitalization companies whose stocks are considered by an advisor to be undervalued. Undervalued stocks are generally those that are out of favor with investors and that the advisor feels are trading at prices that are below average in relation to such measures as earnings and book value. The Fund uses multiple investment advisors.

#### *Investment Risks*

The Portfolio is subject to **stock market risk**, **investment style risk**, and **manager risk**.

#### *Expense Ratio*

The expense ratio for this Portfolio is 0.40%.

### Vanguard Growth Index Portfolio

#### *Investment Objective*

The Portfolio seeks to track the performance of a benchmark index that measures the investment return of large-capitalization growth stocks.

#### *Investment Strategy*

The Portfolio invests in Vanguard Growth Index Fund, which employs an indexing investment approach designed to track the performance of the CRSP US Large Cap Growth Index, a broadly diversified index predominantly made up of growth stocks of large U.S. companies. The Fund attempts to replicate the target index by investing all, or substantially all, of its assets in the stocks that make up the Index, holding each stock in approximately the same proportion as its weighting in the Index.

#### *Investment Risks*

The Portfolio is subject to **stock market risk**, **investment style risk**, and **nondiversification risk**.

#### *Expense Ratio*

The expense ratio for this Portfolio is 0.23%.

### Vanguard Value Index Portfolio

#### *Investment Objective*

The Portfolio seeks to track the performance of a benchmark index that measures the investment return of large-capitalization value stocks.

#### *Investment Strategy*

The Portfolio invests in Vanguard Value Index Fund, which employs an indexing investment approach designed to track the performance of the CRSP US Large Cap Value Index, a broadly diversified index predominantly made up of value stocks of large U.S. companies. The Fund attempts to replicate the target index by investing all, or substantially all, of its assets in the stocks that make up the Index, holding each stock in approximately the same proportion as its weighting in the Index.

#### *Investment Risks*

The Portfolio is subject to **stock market risk** and **investment style risk**.

#### *Expense Ratio*

The expense ratio for this Portfolio is 0.23%.

### Vanguard Mid-Cap Index Portfolio

#### *Investment Objective*

The Portfolio seeks to track the performance of a benchmark index that measures the investment return of mid-capitalization stocks.

#### *Investment Strategy*

The Portfolio invests in Vanguard Mid-Cap Index Fund, which employs an indexing investment approach designed to track the performance of the CRSP US Mid Cap Index, a broadly diversified index of stocks of mid-size U.S. companies. The Fund attempts to replicate the target index by investing all, or substantially all, of its assets in the stocks that make up the Index, holding each stock in approximately the same proportion as its weighting in the Index.

#### *Investment Risks*

The Portfolio is subject to **stock market risk** and **investment style risk**.

#### *Expense Ratio*

The expense ratio for this Portfolio is 0.21%.

## Vanguard Small-Cap Index Portfolio

### *Investment Objective*

The Portfolio seeks to track the performance of a benchmark index that measures the investment return of small-capitalization stocks.

### *Investment Strategy*

The Portfolio invests in Vanguard Small-Cap Index Fund, which employs an indexing investment approach designed to track the performance of the CRSP US Small Cap Index, a broadly diversified index of stocks of small U.S. companies. The Fund attempts to replicate the target index by investing all, or substantially all, of its assets in the stocks that make up the Index, holding each stock in approximately the same proportion as its weighting in the Index.

### *Investment Risks*

The Portfolio is subject to **stock market risk** and **investment style risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.21%.

## Vanguard STAR Portfolio As of September 30, 2019

### *Investment Objective*

The Portfolio seeks to provide long-term capital appreciation and income.

### *Investment Strategy*

The Portfolio invests in Vanguard STAR Fund. As a "fund of funds," the STAR Fund invests in a diversified portfolio of other Vanguard mutual funds, rather than in individual securities. The Fund follows a balanced investment approach by placing 60% to 70% of its assets in common stocks through stock funds, 20% to 30% of its assets in bonds through bond funds, and 10% to 20% of its assets in short-term investments through a short-term bond fund. Through the underlying funds, the STAR Fund owns a diversified mix of stocks and bonds. The Fund's stock holdings emphasize large-capitalization stocks of domestic companies and, to a lesser extent, a diversified group of stocks in companies located outside the United States. The Fund's bond holdings focus predominantly on short- and long-term investment-grade corporate bonds and GNMA mortgage-backed securities.

Vanguard STAR Fund invests in the following Vanguard mutual funds:

Stock funds: Vanguard Windsor II Fund, Vanguard Windsor Fund, Vanguard U.S. Growth Fund, Vanguard PRIMECAP Fund, Vanguard International Growth Fund, Vanguard International Value Fund, and Vanguard Explorer™ Fund.

Bond funds: Vanguard GNMA Fund and Vanguard Long-Term Investment-Grade Fund.

Short-Term Fixed Income Investments: Vanguard Short-Term Investment-Grade Fund.

Additional information about the investment strategies and risks of each mutual fund in which Vanguard STAR Fund invests is available in each fund's current prospectus, *Statement of Additional Information*, or most recent semiannual or annual report. These documents are available online at [vanguard.com](http://vanguard.com) or by calling 866-734-4530.

### *Investment Risks*

The Portfolio is subject to **stock market risk**, **currency risk**, **country/regional risk**, **interest rate risk**, **credit risk**, **income risk**, **liquidity risk**, **call risk**, and **manager risk**.

### *Expense Ratio*

The expense ratio for this Portfolio is 0.44%.

## Vanguard Total International Bond Index Portfolio

### *Investment Objective*

The Portfolio seeks to track the performance of a benchmark index that measures the investment return of non-U.S. dollar-denominated investment-grade bonds.

### *Investment Strategy*

The Portfolio invests in Vanguard Total International Bond Index Fund which employs an indexing investment approach designed to track the performance of the Bloomberg Barclays Global Aggregate ex-USD Float Adjusted RIC Capped Index (USD Hedged), a broad-based measure of the global, investment-grade, fixed-rate debt markets. The index includes government, government agency, corporate, and securitized non-U.S. investment-grade fixed income investments, all issued in currencies other than the U.S. dollar and with maturities of more than 1 year. The index is capped to comply with investment company diversification standards of the Internal Revenue Code, which states that, at the close of each fiscal quarter, a fund's (1) exposure to any particular bond issuer may not exceed 25% of the fund's assets, and (2) aggregate exposure to issuers that individually constitute 5% or more of the fund will not exceed 50% of the fund's assets. If the index, on the last business day of any month, were to have greater than 20% exposure to any particular bond issuer or greater than 50% aggregate exposure to issuers that individually constitute 5% or more of the index, then the excess would be reallocated to bonds of other issuers represented in the index. To minimize the currency risk associated with investment in bonds denominated in currencies other than the U.S. dollar, the Fund will attempt to hedge its foreign currency exposure. The Fund invests by sampling the Index, meaning that it holds a range of securities that, in the aggregate, approximates the full index in terms of key risk factors and other characteristics. All of the Fund's investments will be selected through the sampling process, and, under normal circumstances, at least 80% of the Fund's assets will be invested in bonds included in the index. The Fund maintains a dollar-weighted average maturity consistent with that of the index, which generally ranges between 5 and 10 years.

### *Investment Risks*

The Portfolio is subject to **country/regional risk, interest rate risk, income risk, credit risk, call risk, currency hedging risk, nondiversification risk, index sampling risk, and derivatives risk.**

### *Expense Ratio*

The expense ratio for this Portfolio is 0.24%.

## Vanguard Total Bond Market Index Portfolio

### *Investment Objective*

The Portfolio seeks to track the performance of a broad, market-weighted bond index.

### *Investment Strategy*

The Portfolio invests in Vanguard Total Bond Market Index Fund, which employs an indexing investment approach designed to track the performance of the Bloomberg Barclays U.S. Aggregate Float Adjusted Index. This Index measures a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year. The Fund invests by sampling the Index, meaning that it holds a broadly diversified collection of securities that, in the aggregate, approximates the full Index in terms of key risk factors and other characteristics. All of the Fund's investments will be selected through the sampling process, and at least 80% of the Fund's assets will be invested in bonds held in the Index. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

### *Investment Risks*

The Portfolio is subject to **interest rate risk, income risk, call risk, prepayment risk, extension risk, credit risk, index sampling risk, and liquidity risk.**

### *Expense Ratio*

The expense ratio for this Portfolio is 0.20%.

## Vanguard Inflation-Protected Securities Portfolio

### *Investment Objective*

The Portfolio seeks to provide inflation protection and income consistent with investment in inflation-indexed securities.

### *Investment Strategy*

The Portfolio invests in Vanguard Inflation-Protected Securities Fund, which invests at least 80% of its assets in inflation-indexed bonds issued by the U.S. government, its agencies and instrumentalities, and corporations.

The Fund may invest in bonds of any maturity; however, its dollar-weighted average maturity is expected to be in the range of 7 to 20 years. At a minimum, all bonds purchased by the Fund will be rated investment-grade or, if unrated, will be considered by the advisor to be investment-grade. Unlike a conventional bond, whose issuer makes regular fixed interest payments and repays the face value of the bond at maturity, an inflation-indexed security (IIS) provides principal and interest payments that are adjusted over time to reflect a rise (inflation) or a drop (deflation) in the general price level. Importantly, in the event of deflation, the U.S. Treasury has guaranteed that it will repay at least the face value of an IIS issued by the U.S. government.

### *Investment Risks*

The Portfolio is subject to **income fluctuation risk, interest rate risk, and manager risk.**

### *Expense Ratio*

The expense ratio for this Portfolio is 0.23%.

## Vanguard High Yield Bond Portfolio

### *Investment Objective*

The Portfolio seeks to provide a high level of current income.

### *Investment Strategy*

The Portfolio invests in Vanguard High Yield Corporate Fund, which invests primarily in a diversified group of high-yielding, higher-risk corporate bonds—commonly known as “junk bonds”—with medium- and lower-range credit-quality ratings. The Fund invests at least 80% of its assets in corporate bonds that are rated below Baa by Moody’s Investors Service, Inc. (Moody’s); have an equivalent rating by any other independent bond-rating agency; or, if unrated, are determined to be of comparable quality by the Fund’s advisor. The Fund may not invest more than 20% of its assets in any of the following, taken as a whole: bonds with credit ratings lower than B or the equivalent, convertible securities, preferred stocks, and fixed and floating rate loans of medium- to lower-range credit quality. The loans in which the Fund may invest will be rated Baa or below by Moody’s; have an equivalent rating by any other bond-rating agency; or if unrated, are determined to be of comparable quality by the Fund’s advisor. The Fund’s high-yield bonds and loans mostly have short- and intermediate-term maturities.

### *Investment Risks*

The Portfolio is subject to **credit risk, income risk, call risk, interest rate risk, liquidity risk, manager risk, and extension risk.**

### *Expense Ratio*

The expense ratio for this Portfolio is 0.30%.

## Vanguard Interest Accumulation Portfolio

■ 100% short-term reserves

### **Investment Objective**

The Portfolio seeks income consistent with the preservation of principal.

### **Investment Strategy**

The Portfolio directs all of its assets into Vanguard Short-Term Reserves Account, through which the Portfolio owns funding agreements issued by one or more insurance companies, synthetic investment contracts (SICs), and/or shares of Vanguard Federal Money Market Fund. Funding agreements and SICs are interest-bearing contracts that are structured to preserve principal and accumulate interest earnings over the life of the investment. Funding agreements generally pay interest at a fixed interest rate and have fixed maturity dates that normally range from 2 to 5 years. SICs pay a variable interest rate and have an average duration range between 2 and 5 years. Investments in either new funding agreements or SICs are based upon available liquidity in the Portfolio and the competitiveness of offered yields, based on market conditions and trends. The Short-Term Reserves Account may also invest as little as 5% to 25% of its assets in shares of Vanguard Federal Money Market Fund, to meet normal liquidity needs, to as much as all or a large portion of its assets in this Fund if sufficient investments cannot be obtained from issuers meeting the minimum credit standards and contract terms.

Vanguard Federal Money Market Fund invests in high-quality, short-term money market instruments issued by the U.S. government and its agencies and instrumentalities. Although these securities are high-quality, most of the securities held by the Fund are neither guaranteed by the U.S. Treasury nor supported by the full faith and credit of the U.S. government. To be considered high quality, a security must be determined by Vanguard to present minimal credit risk based in part on a consideration of maturity, portfolio diversification, portfolio liquidity, and credit quality. The Fund maintains a dollar-weighted average maturity of 60 days or less and a dollar-weighted average life of 120 days or less. The performance of the Interest Accumulation Portfolio will reflect the blended earnings of the funding agreements, SICs, and Vanguard Federal Money Market Fund shares held by the Portfolio, minus the Portfolio's expenses, including the benefit responsive charge paid to the issuers of SICs and separate account funding agreements. The benefit responsive charges range from 0.20% to 0.30%. The Portfolio's target duration is expected to range between 1.5 and 3.5 years. The Portfolio has a longer average maturity than most money market funds, which should result in higher yields when interest rates are stable or declining. However, because only a portion of the Portfolio's investment matures each year, its yield will change more slowly than that of a money market fund. As a result, when interest rates are rising, the Portfolio's yield may fall below money market funds' yields for an extended time period.

*Note: Vanguard Short-Term Reserves Account's investment in Vanguard Federal Money Market Fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the Federal Money Market Fund seeks to preserve the value of the investment at \$1 per share, it cannot guarantee that it will do so. It is possible that Vanguard Short-Term Reserves Account may lose money by investing in the fund. The Vanguard Group, Inc., has no legal obligation to provide financial support to the fund, and there should be no expectation that the sponsor will provide financial support to the fund at any time.*

### **Investment Risks**

The Portfolio is subject to **income risk**, **manager risk**, and **credit risk**.

Funding agreements are backed by the financial strength of the insurance companies that issue the contracts. Every effort is made to select high-quality insurance companies. However, the Portfolio may lose value if an insurance company is unable to make interest or principal payments when due.

SICs are issued by banks, insurance companies, and other issuers, and, like funding agreements, are designed to provide a stable asset value. However, unlike funding agreements, SICs are supported by a diversified portfolio of high-quality fixed income assets and mutual funds as well as the financial strength of the issuing institution. The market value of the underlying fixed income assets will change every day with the markets and may, at times, be higher or lower than the constant book value (sum of participant balances or deposits plus accrued interest). In an effort to mitigate the risks associated with the variance between the market value of the underlying holdings and the fund's book value, the fund's interest rate will be reset quarterly to assist the market and book values in staying close together over time. Returns earned on SICs vary with the performance of the underlying fixed income assets and mutual funds. These assets back the contract and are owned by the Trustee on behalf of the plan. These contracts are also called "alternative investment contracts."

### **Expense Ratio**

The expense ratio for this Portfolio is 0.15%.

### **Certain Underlying Fund Profiles**

Each Aged-Based Option or Blended Portfolio invests in one or more Underlying Funds, which generally are available for investment as Individual Portfolios, and information has therefore been provided above about them. However, because two of the Underlying Funds are not available as Individual Portfolios, more information about their investment strategies and risks is presented below.

**Vanguard Total Bond Market II Index Fund Institutional Shares**

**Investment Objective**

The Fund seeks to track the performance of a broad, market-weighted bond index.

**Investment Strategy**

Vanguard Total Bond Market II Index Fund Institutional Shares employs an indexing investment approach designed to track the performance of the Barclays U.S. Aggregate Float Adjusted Index. This Index represents a wide spectrum of public, investment-grade, taxable, fixed income securities in the United States—including government, corporate, and international dollar-denominated bonds, as well as mortgage-backed and asset-backed securities—all with maturities of more than 1 year.

The Fund invests by sampling the Index, meaning that it holds a broadly diversified collection of securities that, in the aggregate, approximates the full Index in terms of key risk factors and other characteristics. All of the Fund's investments will be selected through the sampling process, and at least 80% of the Fund's assets will be invested in bonds held in the Index. The Fund maintains a dollar-weighted average maturity consistent with that of the Index, which generally ranges between 5 and 10 years.

**Investment Risks**

The Fund is subject to interest rate risk, income risk, call risk, prepayment risk, extension risk, credit risk, liquidity risk, and index sampling risk.

**Vanguard Short-Term Inflation-Protected Securities Index Fund Institutional Shares**

**Investment Objective**

The Fund seeks to track the performance of a benchmark index that measures the investment return of inflation-protected public obligations of the U.S. Treasury with remaining maturities of less than 5 years.

**Investment Strategy**

The Fund employs an indexing investment approach designed to track the performance of the Barclays U.S. 0-5 Year Treasury Inflation Protected Securities Index. The Index is a market-capitalization-weighted index that includes all inflation-protected public obligations issued by the U.S. Treasury with remaining maturities of less than 5 years. The Fund attempts to replicate the target index by investing all, or substantially all, of its assets in the securities that make up the Index, holding each security in approximately the same proportion as its weighting in the Index. The Fund maintains a dollar-weighted average maturity consistent with that of the target index, which generally does not exceed 3 years.

**Note:** *Vanguard Short-Term Inflation-Protected Securities Index Fund Institutional Shares seeks to provide protection from inflation (i.e., a rise in the general price level for goods and services) as measured by the Consumer Price Index. It is possible that the costs of education may increase at a rate that exceeds the rate of increase of the Consumer Price Index. There is no guarantee that the Fund will protect investors from the rising costs of education.*

**Investment Risks**

The Fund is subject to income fluctuation risk and interest rate risk.

## Explanation of the Risk Factors of the Portfolios

**Call Risk.** This is the chance that during periods of falling interest rates, issuers of callable bonds may call (redeem) securities with higher coupons or interest rates before their maturity dates. The Underlying Fund would then lose any price appreciation above the bond's call price and would be forced to reinvest the unanticipated proceeds at lower interest rates, resulting in a decline in the Underlying Fund's income. Such redemptions and subsequent reinvestments would also increase the Underlying Fund's portfolio turnover rate.

**Country/Regional Risk.** Underlying Funds that invest in foreign securities are subject to country/regional risk, which is the chance that world events—such as political upheaval, financial troubles, or natural disasters—will adversely affect the value or liquidity of securities issued by companies in foreign countries or regions. Country/regional risk is especially high in emerging markets.

**Credit Risk.** This is the chance that an issuer of a bond owned by an Underlying Fund or a funding agreement issued to an Underlying Fund will fail to pay interest and principal in a timely manner, or that negative perceptions of the issuer's ability to make such payments will cause the price of that bond to decline.

**Currency Risk.** Underlying Funds that invest in foreign securities are subject to currency risk, which is the chance that the value of a foreign investment, measured in U.S. dollars, will decrease because of unfavorable changes in currency exchange rates. Currency risk is especially high in emerging markets.

**Currency Hedging Risk.** This is the chance that the currency hedging transactions entered into by an Underlying Fund may not perfectly offset the Underlying Fund's foreign currency exposures.

**Derivatives Risk.** Each of the Underlying Funds may invest, to a limited extent, in derivatives. Generally speaking, a derivative is a financial contract whose value is based on the value of a financial asset (such as a stock, bond, or currency), a physical asset (such as gold, oil, or wheat), a market index (such as the Standard & Poor's 500 Index) or a reference rate (such as LIBOR). Investments in derivatives may subject the Underlying Funds to risks different from, and possibly greater than, those of investments directly in the underlying securities, assets, or market indexes. The Underlying Funds will not use derivatives for speculation or for the purpose of leveraging (magnifying) investment returns.

**Emerging Markets Risk.** Underlying Funds that invest in foreign securities may also be subject to emerging markets risk, which is the chance that the stocks of companies located in emerging markets will be substantially more volatile, and substantially less liquid, than the stocks of companies located in more developed foreign markets because, among other factors, emerging markets can have greater custodial and operational risks; less developed legal, regulatory, and accounting systems; and greater political, social, and economic instability than developed markets.

**Extension Risk.** This is the chance that during periods of rising interest rates, certain debt securities will be paid off substantially more slowly than originally anticipated, and the value of those securities may fall. For Underlying Funds that invest in mortgage-backed securities, extension risk is the chance that during periods of rising interest rates, homeowners will prepay their mortgages at slower rates.

**Income Fluctuation Risk.** This is the chance that an Underlying Fund's quarterly income distributions are likely to fluctuate considerably more than the income distributions of a typical bond fund. In fact, under certain conditions, the Underlying Fund may not have any income to distribute. For Vanguard Short-Term Inflation-Protected Securities Index Fund, income fluctuations associated with changes in interest rates are expected to be low; however, income fluctuations associated with changes in inflation are expected to be high.

**Income Risk.** This is the chance that falling interest rates will cause an Underlying Fund's income to decline.

**Index Sampling Risk.** This is the chance that the securities selected for an Underlying Fund that uses the sampling method of indexing will not, in the aggregate, provide investment performance matching that of the Fund's target index.

**Interest Rate Risk.** This is the chance that bond prices overall will decline because of rising interest rates. Interest rate risk should be low for short-term bond funds, moderate for intermediate-term bond funds, and high for long-term bond funds.

**Investment Style Risk.** This is the chance that returns from the types of stocks in which an Underlying Fund invests will trail returns from the overall stock market. Specific types of stocks (for instance, small-capitalization stocks) tend to go through cycles of doing better—or worse—than the stock market in general. These periods have, in the past, lasted for as long as several years.

**Liquidity Risk.** This is the chance that the Underlying Fund may not be able to sell a security in a timely manner at a desired price. Liquidity risk is generally low for short-term bonds, moderate for intermediate-term bonds, and high for long-term bonds.

**Manager Risk.** This is the chance that poor security selection will cause an Underlying Fund to underperform relevant benchmarks or other funds with a similar investment objective.

**Nondiversification Risk.** This is the risk that an Underlying Fund's performance may be hurt disproportionately by the poor performance of bonds issued by just a few or even a single issuer. The Fund is considered nondiversified, which means that it may invest a significant percentage of its assets in bonds issued by a small number of issuers. Nondiversification risk for the Fund is high.

**Prepayment Risk.** This is the chance that during periods of falling interest rates, homeowners will refinance their mortgages before their maturity dates, resulting in prepayment of mortgage-backed securities held by an Underlying Fund. The Underlying Fund would then lose any price appreciation above

the mortgage's principal and would be forced to reinvest the unanticipated proceeds at lower interest rates, resulting in a decline in the Underlying Fund's income. Such prepayments and subsequent reinvestments would also increase the Underlying Fund's portfolio turnover rate.

**Stock Market Risk.** This is the risk that stock prices overall will decline. Stock markets tend to move in cycles, with periods of rising prices and periods of falling prices. Prices of mid- and small-cap stocks often fluctuate more than those of large-cap stocks. An Underlying Fund may track a subset of the U.S. stock market, which could cause the Underlying Fund to perform differently from the overall stock market. In addition, an Underlying Fund's target index may, at times, become focused in stocks of a particular market sector, which would subject the Underlying Fund to proportionately higher exposure to the risks of that sector. An Underlying Fund's investments in foreign stock markets can be riskier than U.S. stock investments. The prices of foreign stocks and the prices of U.S. stocks have, at times, moved in opposite directions.

## Performance

The following table shows how the performance of the Portfolios has varied over the periods indicated. The performance data include each Portfolio's expense ratio but do not include other charges associated with an investment in The Vanguard Plan. Please see **Part 4. The Vanguard Plan Fees and Charges**.

**The performance data shown represent past performance, which is not a guarantee of future results. Investment returns and principal value will fluctuate, so investors' Portfolio units, when sold, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data cited. For performance data current to the most recent month-end, visit [vanguard.com/performance](http://vanguard.com/performance).**

Keep in mind that the performance of the Portfolios will differ from the performance of the Underlying Funds, even when a Portfolio invests in only one Underlying Fund. This is due primarily to differences in expense ratios and differences in the trade dates of Portfolio purchases. Because the Portfolios have higher expense ratios than the Underlying Funds, over comparable periods of time, all other things being equal, a Portfolio would have lower performance than its comparable Underlying Fund. (Of course, investing directly in the Underlying Funds does not offer the same tax advantages as investing in the Portfolios.) Performance differences also are caused by differences in the trade dates of Portfolio purchases. When you invest in a Portfolio, you will receive Portfolio units as of the trade date, which is determined as described in **Part 7. Other Information About Your Account—Pricing of Portfolio Units**. The Portfolio will use your money to purchase shares of an Underlying Fund. However, the trade date for the Portfolio's purchase of the Underlying Fund's shares typically will be one business day after the trade date for your purchase of Portfolio units. Depending on the amount of cash flow into or out of the Portfolio and whether the Underlying Fund is

going up or down in value, this timing difference will cause the Portfolio's performance either to trail or exceed the Underlying Fund's performance.

If you are invested in an Age-Based Option, the assets in the Portfolio in which you are currently invested ("Current Portfolio") will automatically transfer to other Portfolios as the Beneficiary ages and depending upon the Option you chose. Accordingly, your assets in your Current Portfolio may not have been invested in the Current Portfolio for all or a portion of the period reported in the Performance table shown below. Thus, your personal performance may be different than the performance for a Portfolio as shown below.

## Average Annual Total Returns as of September 30, 2019

Portfolio	1 Year	3 Years	5 Years	10 Years	Since Inception	Inception Date

## Part 4. The Vanguard Plan Fees and Charges

### Program Fees

The Board, in its sole discretion, will establish, and may change at any time, the fees and charges it deems appropriate for The Vanguard Plan. In the future, the Plan's fees and charges could be higher or lower than those discussed in this Program Description.

### Total Annual Asset-Based Fee (Expense Ratio)

Each Portfolio charges an expense ratio comprising each Underlying Fund's expense and the Program management fee. The expense ratio is charged daily against the assets of each Portfolio at an annualized rate equal to the expense ratio identified in the table below. The expense ratio of a Portfolio may change.

Each account indirectly bears its pro rata share of the annual fees and expenses charged by the Underlying Funds in which each Portfolio held by the account invests. Actual future Underlying Fund expenses may be higher or lower than those shown.

The Program management fee includes the administrative and investment management fees paid to Vanguard and Ascensus for their services to The Vanguard Plan. Changes in an Underlying Fund's expenses, or the Program management fees, may result in a change to the Portfolio's expense ratio.

### State Annual Payment

Vanguard and Ascensus have entered into an agreement with the Board to provide an annual payment to the state of Nevada Treasurer's Office for oversight of Nevada's 529 Plans. Under Nevada law, all fees received by the state are deposited in the Nevada College Savings Endowment Account and are used: (1) to administer and market Nevada's 529 Plans, and (2) for purposes related to providing financial education and assistance to Nevadans for the purpose of saving for, planning for, and attaining post-secondary education.

Portfolio	Estimated Underlying Fund Expenses <sup>1</sup>	State Fee <sup>2</sup>	Program Management Fee <sup>3</sup>	Total Annual Asset-Based Fee

<sup>1</sup>Expenses for multiple-fund Portfolios represent a weighted average of the expenses of the Portfolio's Underlying Funds. Expense ratios have been derived from each Underlying Fund's most recent prospectus as of May 29, 2019. The fees and expenses of the Underlying Funds may change.

<sup>2</sup>As described in State Annual Payment, Vanguard and Ascensus provide an annual payment to the state of Nevada Treasurer's Office for oversight of Nevada's 529 Plans.

<sup>3</sup>Vanguard and Ascensus have agreed to a specific formula for the allocation of the Program management fee.

## Other Charges

The Vanguard Plan reserves the right to charge an account in any circumstance in which the Plan incurs expenses on behalf of the account (e.g., when a check, automatic investment plan payment, or electronic bank transfer is returned unpaid by the financial institution upon which it is drawn). The Plan may deduct the charges identified in this paragraph directly from your Plan account. If you request delivery of withdrawal proceeds or any other item by express delivery service, the Plan may charge you for this service and the Plan will report such fees as distributions on Form 1099-Q. You should consult your tax advisor regarding calculating and reporting any tax liability as applicable.

## Float Income

The Program Manager may receive float income, paid by the financial organization at which the Program Manager maintains "clearing accounts" or by the investments in which the Program Manager invests in such clearing accounts. Float income may arise from interest that is earned on account contributions or distributions during the time that these

assets are held by the Program Manager in clearing accounts but are not invested in a Portfolio. For example, if you request a distribution and receive the distribution check but do not cash it for several days, some interest may be earned while your funds remain in the clearing account.

## Investment Cost Example

The following example is intended to help you compare the cost of investing in the Portfolios over different time periods. Your actual costs may be higher or lower. It illustrates the hypothetical expenses that you would incur over various periods if you invest \$10,000 in a Portfolio for the time periods shown. This example assumes that a Portfolio provides a return of 5% a year, and that the Portfolio's expense ratio remains the same as shown in the table on page 38. The results apply whether or not the investment is redeemed at the end of the period, but they do not take into account any redemptions that are Nonqualified Withdrawals (defined in **Part 7. Other Information About Your Account—Withdrawals**) or withdrawals otherwise subject to state or federal income taxes or any penalties.

Portfolio	1 Year	3 Years	5 Years	10 Years
Vanguard Aggressive Growth Portfolio	\$15.36	\$48.36	\$84.64	\$191.90
Vanguard 90% Stock/10% Bond Portfolio	\$15.36	\$48.36	\$84.64	\$191.90

Vanguard High Yield Bond Portfolio	\$30.71	\$96.51	\$168.65	\$380.84

These examples do not represent actual expenses or performance from the past or for the future. Actual future expenses may be higher or lower than those shown.

## Part 5. Risks of Investing in The Vanguard Plan

Investing in The Vanguard Plan involves certain risks, including the possibility that you may lose money over short or even long periods of time. In addition to the investment risks of the Portfolios, described above in **Part 3**, there are certain risks relating to The Vanguard Plan generally. These risks are described below.

### No Guarantee of Principal or Earnings; No Insurance

The value of your account may increase or decrease over time based on the performance of the Portfolio(s) you select. It is possible that, at any given time, your account's value may be less than the total amount contributed. **Neither The Vanguard Plan nor any of its Associated Persons makes any guarantee of, or has any legal obligations to ensure, a particular level of investment return. An investment in the Plan is not a bank deposit, and it is not insured or guaranteed by the federal government, the FDIC, or any other government agency.**

### Limited Investment Direction

An Account Owner or contributor may not direct the underlying investments of a Portfolio. The ongoing money management is the responsibility of the Board, Ascensus, and Vanguard.

### Liquidity

Investments in a 529 Plan are considered less liquid than other types of investments (for example, investments in mutual fund shares), because the circumstances in which you may withdraw money from a 529 Plan account without a penalty or adverse tax consequences are significantly more limited.

### Potential Changes to The Vanguard Plan

The Board reserves the right, in its sole discretion, to discontinue The Vanguard Plan or to change any aspect of the Plan. For example, the Board may change the Plan's fees and charges; add, subtract, or merge Portfolios; close a Portfolio to new investors; or change the Underlying Fund(s) of a Portfolio. Depending on the nature of the change, Account Owners may be required to participate in, or be prohibited from participating in, the change with respect to accounts established before the change. ACSR may not necessarily continue as Program Manager, and Vanguard may not necessarily continue as Investment Manager indefinitely.

### Status of Federal and State Law and Regulations Governing The Vanguard Plan

Federal and state law and regulations governing the administration of 529 Plans could change in the future. In addition, federal and state laws on related matters, such as the funding of education expenses, treatment of financial aid, and tax rules, are subject to frequent change. It is unknown what effect these kinds of changes could have on an account. You should also consider the potential impact of any other state laws on your account. Those changes could adversely

affect Account Owners and Beneficiaries. You should consult your tax advisor for more information.

### No Indemnification

Neither the Plan nor Vanguard nor Ascensus will indemnify any Account Owner or Beneficiary against losses or other claims arising from the official or unofficial acts, negligent or otherwise, of Board members or state employees.

### Eligibility for Financial Aid

Being the owner or beneficiary of a 529 Plan account may adversely affect one's eligibility for financial aid.

- In making decisions about eligibility for financial aid programs offered by the U.S. government and the amount of such aid required, the U.S. Department of Education (the Department) takes into consideration a variety of factors, including, among other things, the assets owned by the student (i.e., the beneficiary) and the assets owned by the student's parents. The Department generally expects the student to spend a substantially larger portion of his or her own assets on educational expenses than the parents. Available balances in a 529 account are treated as an asset of (a) the student if the student is an independent student, or (b) the parent if the student is a dependent student, regardless of whether the owner of the 529 account is the student or the parent.
- With respect to financial aid programs offered by educational institutions and other nonfederal sources, the effect of being the owner or beneficiary of a 529 account varies from institution to institution. Accordingly, no generalizations can be made about the effect of being the owner or beneficiary of a 529 account on the student's eligibility for financial aid, or the amount of aid the student may qualify for, from such sources.

*The federal and nonfederal financial aid program treatments of assets in a 529 Plan are subject to change at any time. You should therefore check and periodically monitor the applicable laws and other official guidance, as well as particular program and institutional rules and requirements, to determine the impact of 529 Plan assets on eligibility under particular financial aid programs.*

### No Guarantee That Investments Will Cover Education-Related Expenses

There is no guarantee that the money in your account will be sufficient to cover all of a Beneficiary's education expenses, even if contributions are made in the maximum allowable amount for the Beneficiary. The future rate of increase in education expenses is uncertain and could exceed the rate of investment return earned by any or all of the Portfolios over any relevant period.

### **Education Savings and Investment Alternatives**

In addition to The Vanguard Plan, there are many other qualified tuition programs, including programs designed to provide prepaid tuition and certain other educational expenses, as well as other education savings and investment alternatives. These alternative programs may offer different investment vehicles and may result in different tax and other consequences. They may have different eligibility requirements and other features, as well as fees and expenses that may be more or less than those charged by The Vanguard Plan. You should consider other investment alternatives before establishing an account in The Vanguard Plan.

### **Medicaid and Other Federal and State Benefits**

The effect of an account on eligibility for Medicaid or other state and federal benefits is uncertain. It is possible that an account in The Vanguard Plan will be viewed as a "countable resource" in determining an individual's financial eligibility for Medicaid. Withdrawals from an account during certain periods also may have the effect of delaying the disbursement of Medicaid payments. You should consult a qualified advisor to determine how a 529 Plan account may affect eligibility for Medicaid or other state and federal benefits.

### **No Guarantee of Admittance**

Participation in The Vanguard Plan does not guarantee or otherwise provide a commitment that the Beneficiary will be admitted to, be allowed to continue to attend, or receive a degree from any educational institution. Participation in The Vanguard Plan also does not guarantee that a Beneficiary will be treated as a resident of any state for tuition or any other purpose.

## Part 6. Information About The Vanguard Plan, Upromise Service, and Ugift

### The Nevada College Savings Program

The College Savings Program of Nevada (the “Program”) was created under Chapter 353B of the Nevada Revised Statutes (the “Act”). The Program, established as an investing vehicle for higher-education expenses, is designed to qualify for treatment as a qualified tuition program under Section 529 of the Internal Revenue Code of 1986, as amended, and any regulations and other guidance issued thereunder (“Section 529”). As part of the Program, the Act authorized the creation of the Trust to hold all of the assets of the Program.

The Program is administered by the Board of Trustees of the College Savings Plans of Nevada, which is chaired by the Nevada State Treasurer. The Board also acts as trustee of the Trust.

To contact the College Savings Plans of Nevada, write to 555 E. Washington Ave, Suite 4600, Las Vegas, NV 89101 or call 888-477-2667.

ACSR serves as Program Manager and together with its Ascensus affiliates, provides management, administration, recordkeeping, and transfer agency services for The Vanguard Plan. Ascensus is in the business of providing program management and administrative services to qualified tuition programs.

Vanguard provides investment management for the mutual funds or separate accounts held in each investment Portfolio. Vanguard also provides distribution, marketing, and customer service for The Vanguard Plan.

### Upromise Service

The Vanguard 529 College Savings Plan makes saving for college even easier with the Upromise rewards service (“Upromise Service”) that lets you get back a percentage of your qualified spending with hundreds of America’s leading companies. Once you enroll in The Vanguard Plan, your Upromise Service account and your Vanguard Plan account can be linked so that all or a portion of your rebate dollars are automatically transferred to your 529 account on a periodic basis, subject to a minimum transfer amount. Go to [upromise.com](http://upromise.com) for more information on transfer minimums.

The Upromise Service is offered by Upromise, Inc., and is a separate service from The Vanguard Plan. This Program Description provides information concerning The Vanguard Plan, but is not intended to provide detailed information concerning the Upromise Service. The Upromise Service is administered in accordance with the terms and procedures set forth in the Upromise Member Agreement (as amended from time to time), which is available on the Upromise website at [www.upromise.com](http://www.upromise.com). Participating companies, contribution levels, and terms and conditions are subject to change at any time without notice. If you want more information about the Upromise Service, please visit [upromise.com](http://upromise.com).

### Ugift

You may invite family and friends to contribute to your Vanguard Plan Accounts through Ugift, a free-to-use service. You provide a unique contribution code to selected family and friends, and gift givers can contribute either online through a one-time or recurring electronic bank transfer, or by mailing in a gift contribution coupon with a check made payable to *Ugift—Vanguard 529 College Savings Plan*. The minimum Ugift contribution is \$50. Gift contributions received in good order will be held by the Program Manager or its delegate for approximately 5 business days before being transferred into your Vanguard Plan account. Gift contributions through Ugift are subject to the Maximum Account Balance. Gift contributions will be invested according to the allocation on file for your Vanguard Plan account at the time the gift contribution is transferred. There may be potential tax consequences of gift contributions to a Vanguard Plan account. You and the gift giver should consult a tax advisor for more information. For more information about Ugift, call The Vanguard Plan at **866-734-4530**.

## Part 7. Other Information About Your Account

### Contributions

You may contribute money to The Vanguard Plan by any of the following methods: check, automatic investment plan, electronic bank transfer, transfer from a Upromise Service account, rollover, Vanguard mutual fund, employer automatic investment plan, or approved organization (if your employer has established a relationship with Vanguard to permit such deductions). The Vanguard Plan will not accept contributions made with cash, money orders, stocks, securities, foreign checks, or other nonbank account assets. You may not charge contributions to your credit card. You may receive a minimum gift contribution of \$50 through Ugift. Additional information about each method of contributing can be found in **Part 6. Information About The Vanguard Plan, Upromise Service, and Ugift.**

**Note:** *The Vanguard Plan may deduct money from your account for any expenses incurred by the Plan on your behalf as a result of any check, automatic investment, or telephone purchase via electronic bank transfer being returned unpaid by the financial institution upon which it is drawn.*

### Minimum Contributions

You must open an account with an initial investment of at least \$3,000, unless you are a Nevada resident or are enrolling online through your employer's automatic investment plan or approved organization. If you are a Nevada resident, your initial investment must be \$1,000 or more. The minimum amount for additional contributions is \$50. Approved organizations are those that have no existing business relationship with The Vanguard Plan but are granted the ability to invest in the Plan by the Board and Vanguard. You may also receive a minimum gift contribution of \$50 through Ugift.

### Contributions by Check

Please make all checks payable to **The Vanguard 529 College Savings Plan** and send them to the following address: **The Vanguard 529 College Savings Plan, P.O. Box 55111, Boston, MA 02205-5111.** For established accounts, please include your account number on the check.

The Vanguard Plan will not accept contributions made by starter check, bank courtesy check, instant loan check, credit card check, traveler's check, check drawn on a bank located outside the U.S, check not in U.S. dollars, check dated more than 180 days before the Plan receives it, postdated check, check with unclear instructions, or any other check the Plan deems unacceptable. Checks made payable to the Account Owner and endorsed by the Account Owner to The Vanguard 529 College Savings Plan cannot exceed \$10,000. In addition, **The Vanguard 529 College Savings Plan** will not accept any third-party check to establish a new account.

### Recurring Contributions (an automatic investment plan or AIP)\*

You may contribute to The Vanguard Plan through periodic automated debits of \$50 or more from a checking or savings account at your bank, if your bank is a member of the Automated Clearing House, subject to certain processing restrictions. There is no charge for establishing or maintaining a recurring contribution. To establish a recurring contribution during enrollment, you must complete the appropriate section of the online or paper Enrollment Application. Even if you establish a recurring contribution during enrollment, the \$3,000 initial minimum contribution applies. You may elect to authorize an annual increase to your recurring contribution. You also may set up a recurring contribution after an account has been established, either online at **vanguard.com** or by submitting the appropriate form.

Your bank account will be debited on the day you designate, provided the day is a regular business day. If the day you designate falls on a weekend or a holiday, the debit will occur on the next business day. You will receive a trade date of one business day prior to the day the bank debit occurs. For example, if the 15th of every month was selected as the debit date and the 15th falls on a business day, then the trade date for the transaction will be the 14th. The first debit of a recurring contribution must be at least three days from the date of receipt of the recurring contribution request. Quarterly recurring contributions will be made on the day indicated every three months, not on a calendar-quarter basis. If no date is designated, your bank account will be debited on the 20th of the month. (If the 20th is not a business day, the debit will be made on the next business day.) Please note that recurring contributions with a debit date of January 1st, 2nd, 3rd, or 4th will be credited in the same year as the debit date.

Authorization to perform recurring contributions will remain in effect until The Vanguard Plan has received notification of termination. Either you or the Plan may terminate your recurring contributions at any time. Changes to, or termination of, recurring contributions must occur at least 5 business days before the next recurring contribution debit is scheduled to be deducted from your bank account and are not effective until received and processed by the Plan. If your recurring contribution cannot be processed because the bank account on which it is drawn contains insufficient funds or because of incomplete information or inaccurate information, or if the transaction would violate processing restrictions, the Plan reserves the right to suspend processing of future recurring contributions.

\*A plan of regular investment cannot ensure a profit or protect against a loss in a declining market.

### Electronic Bank Transfer (EBT)

You may contribute to your Plan account by giving authorization to make a one-time EBT from your bank checking or savings account, subject to certain processing restrictions. To authorize an EBT, you must provide certain information about the bank account from which money will be withdrawn (the same information required to establish recurring contributions). Once you have provided that information, you may make an EBT from the designated account to The Vanguard Plan online at [vanguard.com](http://vanguard.com) or by phone at 866-734-4530. There is no charge for making an EBT. The Plan may place a limit on the total dollar amount per day you may contribute to an account by EBT. Contributions in excess of such limit will be rejected or returned. If you plan to contribute a large dollar amount to your account by EBT, you may want to contact the Plan to inquire about the current limit prior to making your contribution.

If your EBT contribution cannot be processed because the bank account on which it is drawn contains insufficient funds, or because of incomplete information or inaccurate information, or if the transaction would violate processing restrictions, the Plan reserves the right to suspend processing of future EBT contributions.

### Incoming Rollover Contributions

You can contribute to The Vanguard Plan with money transferred from another state's 529 Plan. This transaction is known as a "rollover." You may roll over assets from an account in another state's 529 Plan to an account in The Vanguard Plan for the same Beneficiary without penalty or federal income tax consequences provided it has been more than 12 months since any previous rollover for that Beneficiary. You also may roll over money from an account in another state's 529 Plan to an account in The Vanguard Plan at any time without penalty or federal income tax consequences when you change the Beneficiary, provided that the new Beneficiary is a qualifying family member of the old Beneficiary. (See **Changing the Beneficiary** in this section for a list of the eligible people.) A 529 Plan rollover that does not meet these criteria will be considered by the IRS to be a Nonqualified Withdrawal (defined in **Withdrawals** in this section) that is subject to federal income tax, an additional 10% federal penalty tax on earnings, and possibly state tax.

Incoming rollovers can be direct or indirect. Direct rollovers involve the transfer of money from one 529 Plan directly to another. Indirect rollovers involve the withdrawal of money from an account in another state's 529 Plan by the Account Owner, who then contributes the money to an account in The Vanguard Plan. To avoid penalties and federal income tax consequences, money received by an Account Owner in an indirect rollover must be contributed to The Vanguard Plan within 60 days of the withdrawal. In addition, there may be state income tax consequences (and, in some cases, state-imposed penalties) resulting from a rollover out of a state's 529 Plan.

You can roll over assets to The Vanguard Plan either as an initial contribution when you open an account or as an additional contribution to an existing account. When making the rollover, you will need to provide The Vanguard Plan with an account statement or other documentation from the distributing 529 Plan account indicating how much of the rollover money is attributable to earnings. Until The Vanguard Plan receives this documentation, the entire amount of your contribution will be treated as earnings, which would be subject to taxation in the case of a Nonqualified Withdrawal.

### Contributions From an Education Savings Account or Qualified U.S. Savings Bond

You can contribute to The Vanguard Plan with proceeds from the sale of assets held in an education savings account (formerly known as an education IRA) or a Qualified U.S. Savings Bond. You will need to provide The Vanguard Plan with the following documentation:

- For assets from an education savings account: An account statement or other documentation from the custodian financial institution showing the total amount contributed and the proportion of the assets that represent earnings.
- For assets obtained by redeeming a Qualified U.S. Savings Bond: An account statement, a Form 1099-INT, or other documentation from the financial institution that redeemed the bond showing how much of the proceeds represented interest and how much represented principal.

Until The Vanguard Plan receives this documentation, the entire amount of your contribution will be treated as earnings, which would be subject to taxation in the case of a Nonqualified Withdrawal.

### Contributions From UGMA/UTMA Custodial Accounts

The custodian for a minor under the Uniform Gifts to Minors Act or Uniform Transfers to Minors Act ("UGMA/UTMA") may use the assets previously held in an UGMA/UTMA account to open an account in The Vanguard Plan and act as the Account Owner, subject to the laws of the state under which the UGMA/UTMA account was established. The minor and/or the minor's parent may incur capital gains (or losses) from the sale of noncash assets held by an UGMA/UTMA account. Please contact a tax professional to determine how to transfer UGMA/UTMA custodial assets, and to find out what the implications of such a transfer may be for you.

UGMA/UTMA custodians should consider the following:

- The custodian may make withdrawals only as permitted under UGMA/UTMA and The Vanguard Plan;
- The custodian may not change the Beneficiary of the account (directly or by means of a rollover distribution), except as permitted under UGMA/UTMA;
- The custodian should not change the Account Owner to anyone other than a successor custodian during the term of the custodial account under UGMA/UTMA;

- When the custodianship terminates, the Beneficiary is legally entitled to take control of the account and may become the Account Owner subject to the provisions of The Vanguard Plan that are applicable to accounts established or funded with non-UGMA/UTMA assets; and
- Additional contributions of money not previously gifted to the Beneficiary under UGMA/UTMA should be made to a separate and noncustodial 529 Plan account. A noncustodial 529 Plan account will allow the Account Owner to retain control of the assets and make Beneficiary changes.

Neither The Vanguard Plan nor any of its Associated Persons will be liable for any consequences related to a custodian's improper use, transfer, or characterization of custodial funds.

#### Contributions From a Vanguard Mutual Fund

You may be able to move assets from a Vanguard mutual fund to your Vanguard 529 Plan account. The Vanguard mutual fund account must be either an individual account or joint account owned by the same person who owns the Vanguard 529 Plan account, or be an UGMA account moving to a Vanguard 529 Plan UGMA account for the same minor and custodian. This is a 2-day process, in which the Vanguard mutual fund redemption occurs first, and the purchase into the Vanguard 529 Plan account occurs on the following business day. **This movement of assets can be done at enrollment or for subsequent purchases, but is only available as an online transaction. Please be aware that this money movement may result in a taxable event.**

#### Direct Deposits From an Employer or Approved Organization\*

You may be eligible to make automatic contributions to your Plan account by an employer automatic investment plan or an organization that has been approved by the Board and the Managers of The Vanguard Plan, provided your employer has agreed to offer the Plan and has signed an Authorization Agreement with Vanguard. The minimum initial and subsequent employer automatic investment plan contribution is \$50.

Contributions by employer automatic investment plan will only be permitted from employers able to meet The Vanguard Plan's operational and administrative requirements for employer automatic investment plans. Please check with your employer to see whether you are eligible to contribute to The Vanguard Plan through an employer automatic investment plan.

#### Transfer of Assets to Another Beneficiary Within the Nevada Program

If you transfer assets to the account of another Beneficiary within The Vanguard Plan or any other 529 Plan sponsored by the state of Nevada, and if the new Beneficiary is a "member of the family" of the prior Beneficiary, then the transfer will be treated as a nontaxable rollover of assets for federal income tax purposes.

#### Transfer of Assets to the Same Beneficiary Within the Nevada Program

A transfer into a Vanguard 529 Plan account from an account in another plan within the Trust (i.e., another Section 529 savings plan offered by the state of Nevada) for the benefit of the same designated Beneficiary will be treated as a nontaxable exchange of investment options allowable only twice per calendar year rather than as a tax-free rollover. See **Changing Investment Options for Current Balances and Future Contributions** for more information on changes to investment options.

#### Changing Investment Options for Current Balances and Future Contributions

You may move money already in your account to a different mix of investment options within The Vanguard Plan or to any other 529 Plan sponsored by the state of Nevada (i.e., make exchanges or reallocate) **only twice per calendar year.**

Systematic exchanges that occur because the assets are in an Age-Based Option do not count as a twice-per-calendar-year exchange. If you reallocate your money within the Plan, you may be deemed to have used up your "twice-per-calendar-year" reallocation of assets and, therefore, you may be prohibited under federal tax rules from reallocating your investments in another 529 Plan sponsored by the state of Nevada during that year.

You may make exchanges anytime you change the Beneficiary. See **Changing the Beneficiary** in this section. However, the Plan reserves the right to suspend processing of a Beneficiary transfer if it suspects that such transfer is being requested for reasons other than intended by the Plan. You may change the allocation of future contributions at any time. Please note that a decision to change the allocation of future contributions will not affect the allocation of assets already in your account, and vice versa.

For example, assume that since you opened your account, your contributions have been allocated 60% to Option A and 40% to Option B. You decide to reallocate existing assets as follows: 60% to Option A and 40% to Option C. At the same time, you decide to allocate 100% of future contributions to Option D. You may make only one additional change to the allocation of existing assets in your account during the current calendar year. However, you may continue to change the allocation of future contributions.

**Note:** *If you withdraw funds from an account in The Vanguard Plan and subsequently redeposit those funds into an account for the same Beneficiary in another 529 Plan sponsored by the state of Nevada, the withdrawal will be treated as a Nonqualified Withdrawal, potentially subject to tax consequences and penalties. However, you may request a direct transfer of funds from your account to another 529 Plan sponsored by the state of Nevada or a transfer to The Vanguard Plan. Such a direct transfer will be treated as a change of investment options (exchange) and will not be*

\*A plan of regular investment cannot ensure a profit or protect against a loss in a declining market.

*subject to federal income tax or the 10% federal penalty tax, provided that it, together with other investment-option changes, does not exceed two times per calendar year.*

You may exchange existing assets or change the allocation of future contributions online at [vanguard.com](http://vanguard.com), by phone at 866-734-4530, or by submitting the appropriate form.

## Withdrawals

You may withdraw money from your account at any time, except as noted below. You may request a withdrawal online, by telephone, or by mail. If the request is in good order, the Plan typically will process the withdrawal and initiate payment of a distribution within three business days after the trade date (the trade date is determined in accordance with the policies described in **Pricing of Portfolio Units** in this section). During periods of market volatility and at year-end, withdrawal requests may take up to 5 business days to process. Please allow ten business days for the proceeds to reach you. The Vanguard Plan will not allow you to withdraw money contributed to your account until it has been collected. For example, if you contribute to an account by check or via a recurring contribution, you may not withdraw that money until your check has cleared or your recurring contribution has been deducted from your bank account and the money is in your Plan account. Contributions made by check, recurring contribution, or EBT will not be available for withdrawal for seven business days.

Withdrawals will be held for nine business days from a mailing address change if proceeds are requested by check to the Account Owner, or for a Beneficiary address change if the proceeds are requested by check to the Beneficiary. The nine-business-day hold does not apply to checks sent directly to the educational institution. Withdrawals by EBT will not be available for 15 calendar days after bank information has been added or edited.

There are two types of withdrawals: Qualified and Nonqualified. In a Qualified Withdrawal, the proceeds are used for the Qualified Higher-Education Expenses (as defined below) or K-12 Tuition Expenses (as defined below) of your Beneficiary. A Nonqualified Withdrawal is any withdrawal that is not a Qualified Withdrawal.

The earnings portion of a Qualified Withdrawal is not subject to federal income tax. The earnings portion of a Nonqualified Withdrawal: (a) is treated as income to the person who receives it and is thus subject to applicable federal and state income taxes, and (b) in most cases, is subject to an additional 10% federal penalty tax. Certain exceptions to treatment as a Nonqualified Withdrawal exist and are explained in more detail under **Nonqualified Withdrawals Exempt from the 10% Federal Penalty Tax**.

**Although The Vanguard Plan will report the earnings portion of all withdrawals, it is solely the responsibility of the person receiving the withdrawal to calculate and report any resulting tax liability.**

## Qualified Higher-Education Expenses

Qualified Higher-Education Expenses currently include:

- Tuition, fees, and the costs of books, supplies, and equipment required for the enrollment or attendance of a Beneficiary at an Eligible Educational Institution;
- Certain room and board costs incurred while attending an Eligible Educational Institution at least half-time; and
- In the case of a special-needs Beneficiary, expenses for special-needs services incurred in connection with enrollment or attendance at an Eligible Educational Institution.
- Room and board expenses (unlike expenses for tuition, fees, books, supplies, equipment, and special-needs services) may be treated as Qualified Higher-Education Expenses only if the Beneficiary is enrolled at least half-time. Half-time is defined as half of a full-time academic workload for the course of study the Beneficiary pursues, based on the standard at the institution where he or she is enrolled. Room and board expenses that may be treated as Qualified Higher-Education Expenses generally will be limited to the room and board allowance calculated by the Eligible Educational Institution in its "cost of attendance" for purposes of determining eligibility for federal education assistance for that year. For students living in housing owned or operated by the Eligible Educational Institution, if the actual amount charged for room and board is higher than the "cost of attendance" figure, then the actual amount may be treated as qualified room and board costs.
- Expenses for the purchase of computers or peripheral equipment (as defined in Section 168(i)(2)(B) of the Internal Revenue Code), computer software (as defined in Section 197(e)(3)(B) of the Internal Revenue Code), or internet access and related services, if such equipment, software, or services are to be used primarily by the Beneficiary during any of the years the Beneficiary is enrolled at an Eligible Educational Institution. Expenses for computer software designed for sports, games, or hobbies do not qualify as qualified higher-education expenses unless the software is predominantly educational in nature.

## K-12 Tuition Expenses

Expenses for tuition in connection with enrollment or attendance at an elementary or secondary public, private, or religious school (not to exceed \$10,000 per year in the aggregate from all qualified tuition programs for that Beneficiary). Account Owners should carefully track their payments made from their plan assets to ensure that the annual federal tax-free withdrawal amount is not exceeded.

## Eligible Educational Institutions

Eligible Educational Institutions include accredited postsecondary educational institutions in the United States or abroad offering credit toward an associate's degree, a bachelor's degree, a graduate-level or professional degree, or another recognized postsecondary credential, and certain postsecondary vocational and proprietary institutions. To be an Eligible Educational Institution for purposes of Section 529, an institution must be eligible to participate in U.S.

Department of Education student financial aid programs. Per a notice issued in 2018, the Treasury Department and the IRS intend to issue proposed regulations defining the term “elementary or secondary” to mean kindergarten through grade 12 as determined under state law, consistent with the definition applicable for Coverdell education savings accounts in Section 530(b)(3)(B) of the Code. The notice states that until the proposed regulations are issued, taxpayers and 529 Plans may rely on the rules as described in the notice. However, there is no assurance that the proposed regulations will become the final regulations or that the Treasury Department or IRS will not issue other guidance interpreting Section 529.

### **Nonqualified Withdrawals Exempt From the 10% Federal Penalty Tax**

#### **Death of the Beneficiary**

If the Beneficiary dies, you may select a new Beneficiary, authorize a payment to a beneficiary of the Beneficiary, or authorize a payment to the estate of the Beneficiary.

A payment to a beneficiary of the Beneficiary or the estate of the Beneficiary will not be subject to the additional 10% federal penalty tax, but earnings will be subject to any applicable federal and state income taxes at the recipient’s (the party receiving the withdrawal) tax rate. If you select a new Beneficiary who is a “member of the family” (defined below) of the former Beneficiary (see **Changing the Beneficiary** in this section), you will not owe federal income tax or a penalty.

#### **Disability of the Beneficiary**

If the Beneficiary becomes disabled, you may change the Beneficiary or withdraw all or a portion of the account balance. A withdrawal because of the disability of the Beneficiary will not be subject to the additional 10% federal penalty tax, but earnings will be subject to any applicable federal and state income taxes at the recipient’s (the party receiving the withdrawal) tax rate.

If you change the Beneficiary to an individual who is a “member of the family” (defined in this section) of the former Beneficiary (see **Changing the Beneficiary** in this section), you will not owe federal income tax or a penalty.

The Code defines a person as disabled if he or she is “unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or to be of long-continued and indefinite duration.” Depending on the timing and nature of the disability, you may be able to roll over some or all of the account to an ABL account.

#### **Receipt of Scholarship/Attendance at Certain U.S. Military Academies**

If the Beneficiary receives a qualified scholarship or attends the U.S. Military Academy, the U.S. Naval Academy, the U.S. Air Force Academy, the U.S. Coast Guard Academy, or the U.S. Merchant Marine Academy, you may withdraw money from the account for non-educational purposes up to

the amount of the scholarship or the cost of attendance at a military academy without imposition of the additional 10% federal penalty tax.

A qualified scholarship includes certain educational assistance allowances under federal law as well as certain payments for educational expenses (or attributable to attendance at certain educational institutions) that are exempt from federal income tax. The earnings portion of a withdrawal because of a qualified scholarship is subject to any applicable federal and state income taxes at the recipient’s (the party receiving the withdrawal) tax rate.

### **Maximum Account Balance**

You may contribute to an account for a Beneficiary provided the aggregate balance of all accounts for the same Beneficiary under all 529 Plans sponsored by the state of Nevada under Section 529 does not exceed the Maximum Account Balance, which currently is \$500,000. Accounts that have reached the Maximum Account Balance may continue to accrue earnings, but the excess portion of any contribution that would cause the account balance to exceed the Maximum Account Balance will not be accepted and will be returned to the contributor. The Maximum Account Balance is based on the aggregate market value of the account(s) for a Beneficiary and not solely on the aggregate contributions made to the account(s). If, however, the aggregate market value of such account(s) falls below the Maximum Account Balance due to market fluctuations, additional contributions will be accepted. The Plan’s administrators may, in their discretion, refuse to accept a proposed contribution, upon determination that acceptance of such proposed contribution would not comply with federal or state of Nevada requirements. None of the Associated Persons will be responsible for any loss, damage, or expense incurred in connection with a rejected or returned contribution.

The Board expects to evaluate the Maximum Account Balance annually but reserves the right to make adjustments more or less frequently. To learn of any change in the Maximum Account Balance, go to **vanguard.com**.

### **Unused Account Assets**

If the Beneficiary graduates from an Eligible Educational Institution or chooses not to pursue higher education, and assets remain in the account, you have three options:

1. You can change the Beneficiary to an eligible “member of the family” of the former Beneficiary.
2. You can keep the assets in the account to pay future Qualified Higher-Education Expenses, such as graduate or professional school expenses, of the existing Beneficiary.
3. You can withdraw the remaining assets (including earnings).

Options 1 and 2 are not subject to federal and state income taxes or penalties. Option 3 is a Nonqualified Withdrawal subject to applicable federal and state income taxes, including the additional 10% federal penalty tax.

## Pricing of Portfolio Units

When you contribute to The Vanguard Plan, your money will be invested in units of one or more Portfolios, depending on the investment option(s) you select. The price of a Portfolio unit is calculated each business day after the close of trading on the New York Stock Exchange (NYSE). The price is determined by dividing the dollar value of the Portfolio's net assets (i.e., total Portfolio assets minus total Portfolio liabilities) by the number of Portfolio units outstanding. On holidays or other days when the NYSE is closed, the Portfolio's unit price is not calculated, and the Plan does not transact purchase or redemption requests.

When you purchase or redeem units of a Portfolio, you will do so at the price of the Portfolio's units on the trade date. Your trade date will be determined as follows:

- If the Plan receives your transaction request (whether to contribute money, withdraw money, or exchange money between investment options) in good order on a business day prior to the close of the NYSE, your transaction will receive that day's trade date.
- If the Plan receives your transaction request in good order on a business day after the close of the NYSE or at any time on a nonbusiness day, your transaction will receive the next business day's trade date.
- Notwithstanding the preceding two bullets, recurring contributions will receive a trade date of the business day before the day the bank debit occurs. Please note that recurring contributions with a debit date of January 1st, 2nd, 3rd, or 4th will receive a trade date in the same year that the bank debit occurs. (See **Recurring Contributions (an Automatic Investment Plan or AIP)** in this section.)

## Confirmations and Statements

You will receive quarterly account statements indicating, for the applicable time period: (1) contributions made to the account, (2) withdrawals made from the account, (3) exchanges between investment options, (4) contribution percentages among selected investment options in the account, and (5) the total value of the account at the end of that time period. You will receive confirmations for any activity in the account, except for recurring contributions, contributions through an employer automatic investment plan, transfers from a Upromise Service account to your Plan account, or maintenance fee deductions. You will also not receive confirmations when account assets are automatically moved to a more conservative Age-Based Option as a Beneficiary ages—this will appear on your quarterly statement. The Vanguard Plan periodically matches and updates the addresses of record against a change of address database maintained by the U.S. Postal Service to reduce the possibility that items sent by first-class mail, such as account statements, will be undeliverable.

***You are expected to regularly and promptly review all transaction confirmations, account statements, and any email or paper correspondence sent by The Vanguard Plan.***

***Contact the Plan immediately if you believe someone has obtained unauthorized access to your account or if you believe there is a discrepancy between a transaction you requested and your transaction confirmation.***

## Safeguarding Your Account

You can securely access and manage your account information—including quarterly statements, transaction confirmations, and tax forms—24 hours a day at **vanguard.com** once you have created an online user name and password. If you open an account online, The Vanguard Plan requires you to select a user name and password right away. If you open an account by submitting a paper application, you may establish a user name and password at **vanguard.com**.

To safeguard your account, it is important that you keep your account information confidential, including your user name and password. The Vanguard Plan has implemented reasonable processes, procedures, and internal controls to confirm that transaction requests are genuine, but these measures do not guarantee that fraudulent or unauthorized instructions received by The Vanguard Plan will be detected. Neither The Vanguard Plan nor any of its Associated Persons will be responsible for losses resulting from fraudulent or unauthorized instructions received by The Vanguard Plan, provided the Plan reasonably believed the instructions were genuine. For more information about how we protect your information and important information about how you can protect your information, refer to **vanguard.com/security** or **ascensus529.com/home/infosec.html**.

## Affirmative Duty to Promptly Notify Us of Errors

If you receive a confirmation that you believe contains an error or does not accurately reflect your authorized instructions—e.g., the amount invested differs from the amount contributed or the contribution was not invested in the particular investment option(s) you selected—you must promptly notify the Plan of the error. If you do not notify the Plan within 45 days of the mailing of the confirmation at issue, you will be considered to have approved the information in the confirmation and to have released The Vanguard Plan and its Associated Persons from all responsibility for matters covered by the confirmation. Moreover, any liability due to such an error resulting from participation in The Vanguard Plan for which the Plan or any Associated Persons are determined to be responsible shall be limited to an amount equal to gains due to market movement that would have resulted from the transaction during the 45-day time period in which you should have acted.

## Control Over the Account

Pursuant to Section 529, the Account Owner controls the account and the disposition of all assets held in the account, including earnings, whether contributed by the Account Owner or by another person. A Beneficiary who is not the **Account Owner has no control over any of the account assets.**

## Designation of Successor Account Owner

You may designate a successor Account Owner (to the extent permitted under applicable law) to succeed to all of your rights, title, and interest in an account (including the right to change the Beneficiary) upon your death. This designation can be made on the initial Enrollment Application, which is available online at [vanguard.com](http://vanguard.com). If you do not initially designate a successor Account Owner but later decide to do so, or if you wish to revoke or change a designation, you may either make the change online at [vanguard.com](http://vanguard.com) or submit the appropriate form and a certified copy of the death certificate as well as any other information or documentation the Plan may require to The Vanguard Plan. The designation will become effective for the successor Account Owner once this paperwork has been received in good order and processed. An UGMA/UTMA custodian will not be permitted to change the Account Owner to anyone other than a successor custodian during the term of the custodial account under applicable UGMA/UTMA law.

All requests to transfer ownership to a successor Account Owner after your death must be submitted by authorized persons in writing. Contact The Vanguard Plan at **866-734-4530** for information needed to complete the change of ownership. Please note that a change in Account Owner may have adverse tax consequences.

## Changing the Beneficiary

Section 529 permits an Account Owner to change a Beneficiary without adverse federal income tax consequences if the new Beneficiary is a "member of the family" (as defined in this section) of the former Beneficiary. If the new Beneficiary is not a qualifying family member of the former Beneficiary, then the change is treated as a Nonqualified Withdrawal subject to federal and state income taxes and the additional 10% federal penalty tax described above, with the tax consequences described above. There may also be federal gift tax, estate tax, or generation-skipping tax consequences in connection with changing the Beneficiary of a 529 Plan account. Please see **Part 8. Federal and State Tax Treatment—Federal Gift and Estate Taxes**.

To change a Beneficiary, you must either initiate the change online or submit the appropriate form. At the time you change a Beneficiary, you may reallocate assets in the account to a different mix of investment options. The Plan reserves the right to suspend the processing of Beneficiary transfers if it suspects that such transfers are intended to avoid the Plan's exchange limits.

**Note:** *Assets invested in an Age-Based Option, if not reallocated to a different investment option, will automatically be moved to the Portfolio within the Option that corresponds to the age of the new Beneficiary (unless the new Beneficiary is in the same age bracket as the former Beneficiary).*

## Member of the Family

A "member of the family" of the Beneficiary is defined as:

- Father, mother, or an ancestor of either.
- Son, daughter, or a descendant of either.
- Stepfather or stepmother.
- Stepson or stepdaughter.
- Brother, sister, stepbrother or stepsister, half-brother or half-sister.
- Brother or sister of the father or mother.
- Brother-in-law, sister-in-law, son-in-law, daughter-in-law, father-in-law, or mother-in-law.
- Son or daughter of a brother or sister.
- Spouse of the Beneficiary or any of the individuals mentioned above.
- First cousin.

A legally adopted child of an individual shall be treated as the child of such individual by blood.

## Part 8. Federal and State Tax Treatment

This section summarizes key aspects of the U.S. federal and state tax treatment of contributions to, and withdrawals from, 529 Plan accounts. The information provided below is not exhaustive. It is based on the Plan's understanding of current law and regulatory interpretations relating to 529 Plans generally and is meant to provide 529 Plan participants with general background about the tax characteristics of these programs. **Neither this Part 8, nor any other information provided throughout this Program Description is intended to constitute, nor does it constitute, legal or tax advice. You should consult your legal or tax advisor about the impact of these rules on your individual situation.**

The summary tax and legal description provided below is based on the Internal Revenue Code of 1986, as amended (the "Code"), and proposed regulations in effect as of the date of this Program Description, as well as other administrative guidance and announcements issued by the Internal Revenue Service (IRS) and the U.S. Department of Treasury. It is possible that Congress, the Treasury Department, the IRS, or federal or state courts may take action that will affect, including potentially retroactively, the tax treatment of 529 Plan contributions, earnings, withdrawals, or the availability of state tax deductions. Individual state legislation may also affect the state tax treatment of a 529 Plan for residents of that state.

If you are not a Nevada taxpayer, consider before investing whether your or the Beneficiary's home state offers a 529 Plan that provides its taxpayers with favorable state tax or other benefits that may only be available through investment in the home state's 529 Plan, and which are not available through investment in The Vanguard Plan. Other state benefits may include financial aid, scholarship funds, and protection from creditors. Since different states have different tax provisions, this Program Description contains limited information about the state tax consequences of investing in the Plan.

Therefore, please consult your financial, tax, or other advisor to learn more about how state-based benefits (or any limitations) would apply to your specific circumstances. You may also wish to contact your home state's 529 Plan(s), or any other 529 Plan, to learn more about those plans' features, benefits, and limitations. Keep in mind that state-based benefits should be one of many appropriately weighted factors to be considered when making an investment decision.

*The Plan strongly encourages Account Owners and Beneficiaries to consult with their tax advisors regarding the tax consequences of contributing money to, or withdrawing money from, a 529 Plan account.*

### 529 Plans Generally

529 Plans allow individuals, trusts, and certain corporate entities to provide for the Qualified Higher-Education Expenses or K-12 Tuition Expenses of a Beneficiary in a tax-advantaged manner. To be eligible for these tax benefits, 529 Plan account assets must be used to pay the Qualified Higher-Education Expenses of the Beneficiary at an Eligible Educational Institution or for K-12 Tuition Expenses of up to \$10,000 per student per year at a public, private, or religious school. The terms "Qualified Higher-Education Expenses," "Eligible Educational Institution," and "K-12 Tuition Expenses" are defined in **Part 7. Other Information About Your Account—Withdrawals**.

### 529 Plan Contributions and Withdrawals

Federal law does not allow a tax deduction for contributions to 529 Plans. However, the income earned on any such contributions generally may grow free of federal income tax until distributed. Qualified Withdrawals (i.e., withdrawals to pay for the Qualified Higher-Education or K-12 Tuition Expenses of a Beneficiary) and qualified rollovers are generally not subject to federal income taxation. The deductibility of contributions and the taxability of Qualified Withdrawals and qualified rollovers vary by state. Please consult your legal or tax advisor regarding the state tax consequences to you of a Qualified Withdrawal or qualified rollover. The earnings portion of Nonqualified Withdrawals is generally subject to all applicable federal and state income taxes and, in most cases, to an additional 10% federal penalty tax.

The additional 10% federal penalty tax does not apply to certain withdrawals made because of: (1) the death or disability of the Beneficiary, (2) a qualified rollover, as described below, (3) attendance at certain specified U.S. military academies, (4) a scholarship, allowance, or similar payment made to the Beneficiary, but only to the extent of such payment, or (5) a refund from an Eligible Educational Institution of Qualified Higher-Education Expenses or K-12 Tuition Expenses that is recontributed to a 529 Plan account for the same Beneficiary within 60 days of the date of the refund.

The earnings portion of a withdrawal will generally be calculated on an account-by-account basis. An Account Owner may only open one account in The Vanguard Plan for the same Beneficiary. If you don't select a specific investment option(s) from which to take a withdrawal, the withdrawal will be taken proportionally from all the investment options in the account. If you request that a withdrawal be taken from one or more specific investment option(s), the earnings, for tax reporting purposes, will be calculated based on the earnings of all the investment options in your account. You are responsible for preparing and filing the appropriate forms when completing your federal income tax return and for paying any applicable tax directly to the IRS.

## Qualified Rollovers

Rollovers can be direct or indirect. Direct rollovers involve the transfer of money from one 529 Plan directly to another. Indirect rollovers involve the withdrawal of money from an account in one state's 529 Plan by the Account Owner, who then contributes the money to an account at another 529 Plan within 60 days. You may perform a tax-free rollover of a 529 account for the same Beneficiary once every 12 months. The Vanguard Plan will accept another custodian's rollover request to process a rollover and send a check directly to the 529 Plan custodian.

An Account Owner may transfer all or part of the funds in a 529 Plan account to an account in another 529 Plan without adverse federal income tax consequences if, within 60 days of the withdrawal from the distributing account, such funds are transferred to or deposited into an account at another 529 Plan for the benefit of: (1) an individual who is a "member of the family" (defined in *Part 7. Other Information About Your Account—Changing the Beneficiary*) of the former Beneficiary, or (2) the same Beneficiary, but only if no other such rollover distribution or transfer has been made for the benefit of such individual within the preceding 12 months. A transfer for the same Beneficiary between 529 Plans sponsored by the state of Nevada is not subject to this Rule and instead is treated as an exchange of assets permitted up to two times per calendar year. See *Part 7. Other Information about Your Account—Changing Investment Options for Current Balances and Future Contributions*.

An Account Owner may roll over amounts in The Vanguard 529 College Savings Plan to an ABLE Plan account. To roll over to an ABLE Plan account, the ABLE Plan account must be for the same beneficiary as the 529 account or for a member of the family of the beneficiary (as defined by Section 529 of the Code). Rollovers from a 529 account to an ABLE Plan account will count toward the annual contribution limit for ABLE Plan accounts. ABLE programs create tax-advantaged savings plans to help designated beneficiaries pay for college and qualified disability expenses. Be sure to read an ABLE Plan's program description carefully before initiating a rollover and consider discussing with a tax or financial advisor. Unless extended by law, this provision will expire on December 31, 2025.

## Other Contributions and Transfers

An individual may generally transfer into a 529 Plan account, without adverse federal income tax consequences, all or part of: (1) money held in an account in The Vanguard Plan for a "member of the family" of the Beneficiary, if the money is transferred within 60 days of the withdrawal from the distributing account, (2) money from an education savings account described in Section 530 of the Code, or (3) the proceeds from the redemption of a qualified U.S. Savings Bond described in Section 135 of the Code if certain qualifications are met.

## Recontribution of Refunds from Eligible Educational Institutions

In the event the Beneficiary receives from an Eligible Educational Institution a refund of money withdrawn from an account to pay for Qualified Higher-Education Expenses, such money will not be subject to federal income tax or the additional 10% federal penalty tax on earnings, provided that the money is recontributed to the same or another 529 Plan account for the same Beneficiary within 60 days of the refund. The recontributed amount may not exceed the amount of the refund. For tax purposes, please maintain proper documentation evidencing the refund from the Eligible Educational Institution.

## Coordination With Other Higher-Education Expense Benefit Programs

The tax benefits afforded to 529 Plans must be coordinated with other programs designed to provide tax benefits for meeting higher-education expenses in order to avoid the duplication of such benefits. The coordinated programs include the education savings accounts under Section 530 of the Code and the American Opportunity and Lifetime Learning Credits under Section 25A of the Code.

## Education Savings Accounts

An individual may contribute money to, or withdraw money from, both a 529 Plan account and an education savings account in the same year. However, to the extent the total withdrawals from both accounts exceed the amount of the Qualified Higher-Education Expenses incurred that qualifies for tax-free treatment under Section 529, the recipient must allocate his or her Qualified Higher-Education Expenses between both such withdrawals in order to determine how much may be treated as tax-free under each program.

## American Opportunity and Lifetime Learning Tax Credits

The use of the American Opportunity tax credit or Lifetime Learning tax credit by a qualifying Account Owner and Beneficiary will not affect participation in or benefits from a 529 Plan account, so long as the 529 Plan assets are not used for the same expenses for which the credit was claimed.

## Federal Gift and Estate Taxes

Contributions (including certain rollover contributions) to a 529 Plan account generally are considered completed gifts to the Beneficiary and are eligible for the applicable annual exclusion from gift and generation-skipping transfer taxes (in 2019, \$15,000 for a single individual or \$30,000 for a married couple). Except in the situation described later in this paragraph, if the Account Owner were to die while assets remain in a 529 Plan account, the value of the account would not be included in the Account Owner's estate. In cases where contributions to a 529 Plan account exceed the applicable annual exclusion amount for a single Beneficiary, the contributions may be subject to federal gift tax and

possibly the generation-skipping transfer tax in the year of contribution. However, in these cases, a contributor may elect to apply the contribution against the annual exclusion equally over a 5 year period. This option is applicable only for contributions up to five times the available annual exclusion amount in the year of the contribution. For example, in 2019, the maximum contribution that may be made using this rule would be \$75,000 (for a single individual) or \$150,000 (for a married couple). Once this election is made, if the contributor makes any additional gifts to the same Beneficiary in the same or the next four years, such gifts may be subject to gift or generation-skipping transfer taxes in the calendar year of the gift. However, any excess gifts may be applied against the contributor's lifetime gift tax exclusion.

If the Account Owner chooses to use the 5 year forward election and dies before the end of the 5 year period, the portion of the contribution allocable to the years remaining in the 5 year period (beginning with the year after the Account Owner's death) would be included in the Account Owner's estate for federal estate tax purposes.

If the Beneficiary of a 529 Plan account is changed or amounts in an account are rolled over to a new Beneficiary of the same (or an older) generation as the former Beneficiary and the new Beneficiary is a member of the family of the former Beneficiary, a gift or generation-skipping transfer tax will not apply. If the new Beneficiary is of a younger generation than the former Beneficiary, there will be a taxable gift from the former Beneficiary to the new Beneficiary to the extent of the amount transferred regardless of whether or not the new Beneficiary is a member of the family of the former Beneficiary. Generation-skipping transfer taxes may apply if the new Beneficiary is two or more generations below that of the former Beneficiary. The 5 year rule explained above may be applicable here. In certain circumstances, the gross estate of a Beneficiary may include the value of the 529 Plan account.

*Income, estate, gift, and generation-skipping tax issues arising in conjunction with 529 Plans can be quite complicated. You should consult your tax advisor for advice regarding the impact of these taxes in light of your personal circumstances.*

## **State Taxes**

Prospective Account Owners should consider many factors before deciding to invest in a 529 Plan such as The Vanguard Plan, including the Plan's investment options and its performance history, the Plan's flexibility and features, the reputation and expertise of the Plan's investment manager(s), the Plan's contribution limits, the Plan's fees and expenses, and federal and state tax benefits associated with an investment in the Plan.

Nevada does not impose an income tax on individuals. Thus, there are no Nevada income tax consequences to either contributors to or recipients of money withdrawn from The Vanguard Plan. It is possible, however, that a contributor to The Vanguard Plan may be entitled to a deduction in computing the income tax imposed by a state where he or she lives or pays taxes. Likewise, it is possible that a recipient of money

withdrawn from The Vanguard Plan may be subject to income tax on those withdrawals by the state where he or she lives or pays taxes including in connection with such state's treatment of K-12 Tuition Expenses. It is also possible that amounts rolled over into The Vanguard Plan from another state's 529 Plan or amounts rolled over from The Vanguard Plan into an ABLE account, may be subject to a state tax imposed on the rollover amount. You should consult with your tax advisor regarding the state tax consequences of participating in The Vanguard Plan and your individual situation.

## Part 9. Legal and Administrative Information About The Vanguard Plan

### Continuing Disclosure

Certain financial information and operating data (the "Annual Information") relating to the Trust will be filed by or on behalf of the Trust in electronic form with the Electronic Municipal Market Access system (the "EMMA System") maintained by the Municipal Securities Rulemaking Board (the "MSRB"), as the sole repository for the central filing of electronic disclosure, pursuant to Rule 15c2-12 as promulgated by the SEC under the Securities Exchange Act of 1934. Notices of certain enumerated events will be filed by or on behalf of the Trust with the MSRB. The financial statements for the fiscal year ending June 30, 2019, have been audited by PricewaterhouseCoopers. The Annual Information is hereby incorporated by reference herein.

### Creditor Protection Under U.S. and Nevada Laws

Federal bankruptcy legislation excludes from property of the debtor's bankruptcy estate certain assets that have been contributed to a 529 Plan account. However, bankruptcy protection in this respect is limited and has certain conditions. For the 529 Plan account to be excluded from the debtor's estate, the account beneficiary must be a child, stepchild, grandchild, or stepgrandchild (including a legally adopted child or a foster child) of the individual who files for bankruptcy protection. In addition, contributions made to all 529 Plan accounts for the same beneficiary are protected from becoming property of the debtor's estate as follows: (1) There is no exclusion for assets if they have been contributed less than 365 days before the bankruptcy filing, (2) 529 Plan account assets are excluded in an amount up to \$6,425 if they have been contributed between 365 and 720 days before the bankruptcy filing, and (3) 529 Plan accounts are fully excluded if they have been contributed more than 720 days before the bankruptcy filing.

Federal bankruptcy law permits a debtor to exempt certain specified assets from liability notwithstanding the assets being property of the debtor's estate. If the debtor is domiciled in Nevada (as defined under bankruptcy law), Nevada law provides that up to \$500,000 of assets held in a 529 Plan account may be protected from creditors, depending upon when such assets were contributed to the account and whether they are eventually used to pay qualifying higher-education expenses of the account Beneficiary. However, under federal bankruptcy law, assets held in a 529 Plan account that are property of the debtor's estate are not exempt from debt for domestic support obligations.

This information is not meant to constitute individual tax or bankruptcy advice, and you should consult with your own advisors concerning your individual circumstances.

**Independent Registered Public Accounting Firm.** The Vanguard Plan has contracted with PricewaterhouseCoopers, an independent registered public accounting firm that is an expert in accounting and auditing. The Vanguard Plan's financial statements for the most recent fiscal year-end have

been audited by PricewaterhouseCoopers and are available by calling 866-734-4530 or by going to [vanguard.com](http://vanguard.com).

**Custodial Arrangements.** The Bank of New York Mellon Corporation is The Vanguard Plan's custodian. As such, The Bank of New York Mellon Corporation is responsible for maintaining the Plan's assets and collects all income payable to, and all distributions made with respect to, The Vanguard Plan's share of investment companies, if applicable.

### Special Considerations

The Board reserves the right to:

- Refuse, change, discontinue, or temporarily suspend account services, including accepting contributions and processing withdrawal requests, for any reason.
- Delay sending out the proceeds of a withdrawal request for up to seven days (this generally applies only to very large withdrawal requests made without advance notice or during unusual market conditions).
- Refuse, following receipt of any contributions, withdrawal requests for up to 15 days.
- Suspend the processing of withdrawal requests or postpone sending out the proceeds of a withdrawal request when the NYSE is closed for any reason other than its usual weekend or holiday closings, when trading is restricted by the SEC, when a mailing address has changed and the proceeds are requested to be sent by check to either the Account Owner or the Beneficiary, or under any emergency circumstances.

### Conflicts

In the event of any conflicts, the Nevada statutes and the IRS Code shall prevail over this Program Description.

### Account Restrictions

In addition to rights expressly stated elsewhere in this Program Description, the Plan reserves the right to (1) freeze an account and/or suspend account services when the Plan has received reasonable notice of a dispute regarding the assets in an account, including notice of a dispute in account ownership or when the Plan reasonably believes a fraudulent transaction may occur or has occurred; (2) freeze an account and/or suspend account services upon the notification to the Plan of the death of an Account Owner until the Plan receives required documentation in good order; (3) redeem an account, without the Account Owner's permission, in cases of threatening conduct or suspicious, fraudulent, or illegal activity; and (4) reject a contribution for any reason, including contributions for the Plan that the Plan or the Board believe are not in the best interests of the Plan, a Portfolio, or the Account Owners. The risk of market loss, tax implications, penalties, and any other expenses, as a result of such an account freeze or redemption, will be solely the Account Owner's responsibility.

## Part 10. Arbitration

This Part 10 is a predispute arbitration clause. Any controversy or claim arising out of or relating to this Plan or the Enrollment Application, or the breach, termination, or validity of this Plan or the Enrollment Application, shall be settled by arbitration administered by the American Arbitration Association (the "AAA") in accordance with its Commercial Arbitration Rules (except that if Vanguard is a party to the arbitration, it may elect that arbitration will instead be subject to the Code of Arbitration Procedure of the Financial Industry Regulatory Authority), which are made part of this Agreement, and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.

By the Account Owner signing an Enrollment Application and upon acceptance of the Account Owner's initial contribution by the Plan, the Account Owner and the other parties to this Plan agree as follows:

- All parties to this Plan are giving up important rights under state law, including the right to sue each other in court and the right to a trial by jury, except as provided by the rules of the arbitration forum in which a claim is filed;
  - Arbitration awards are generally final and binding; a party's ability to have a court reverse or modify an arbitration award is very limited;
  - The ability of the parties to obtain documents, witness statements, and other discovery is generally more limited in arbitration than in court proceedings;
  - The potential costs of arbitration may be more or less than the cost of litigation;
  - The arbitrators do not have to explain the reason(s) for their award unless, in an eligible case, a joint request for an explained decision has been submitted by all parties to the panel at least 20 days prior to the first scheduled hearing date;
  - The panel of arbitrators may include a minority of arbitrators who were or are affiliated with the securities industry;
  - The rules of some arbitration forums may impose time limits for bringing a claim in arbitration. In some cases, a claim that is eligible for arbitration may be brought in court;
  - The rules of the arbitration forum in which the claim is filed, and any amendments thereto, shall be incorporated into this Participant Agreement; and
- No person shall bring a putative or certified class action to arbitration, nor seek to enforce any predispute arbitration agreement against any person who has initiated in court a putative class action; or who is a member of a putative class who has not opted out of the class with respect to any claims encompassed by the putative class action until: (i) the class certification is denied; or, (ii) the class is decertified; or (iii) the customer is excluded from the class by the court. Such forbearance to enforce an agreement to arbitrate shall not constitute a waiver of any rights under this agreement except to the extent stated in this section.

# The Vanguard Plan Privacy Policies

## Vanguard Privacy Policy

*The following privacy policy is provided by the Vanguard funds, The Vanguard Group, Inc., Vanguard Marketing Corporation, Vanguard Advisers, Inc., Vanguard Fiduciary Trust Company, and Vanguard National Trust Company.*

## Our Commitment to You

As a Vanguard investor, you have entrusted to our care not only your hard-earned money but your personal and financial data as well. We recognize that your relationship with us is based on trust and that you expect us to act responsibly and in your best interests. Because your personal and financial data are your private information, we hold ourselves to the highest standards in their safekeeping and use.

**This means, most importantly, that we do not sell client or prospective client information—whether it is your personal information or the fact that you are or may become a Vanguard client—to anyone.**

Instead, we use your information primarily to complete transactions that you request or to make you aware of other financial products and services that we offer or sponsor.

## The Information We Collect About You

You provide personal information when you complete a Vanguard enrollment application. (If you enter information in an online application, we may store the information even if you don't complete or submit the application.) You also provide personal information when you request information or materials from us or otherwise interact with Vanguard or one of the Vanguard-affiliated companies.

In addition to personal information you provide to us, we may receive information about you that you authorize third parties to provide to us. We also may obtain personal information from third-party service providers in order to verify your identity, to prevent fraud, or to help us identify products and services that may be of interest to you.

Personal information collected from any source may include, among other things, your name and address, Social Security or taxpayer identification number, date of birth, assets, income, account balances, investment activity, and accounts at other institutions.

The information we collect about you may be transferred or stored by Vanguard or our service providers in the United States or elsewhere, as permitted by law.

We may combine the information collected on our website or through our mobile application with information collected from or about you in other contexts. This may include information collected online, such as through our email exchanges with you, or from offline sources, such as information that we collect when you establish your account with us or call customer service. We will treat such combined information in accordance with this policy. If you do not wish to provide

information to Vanguard, we may be unable to provide certain products or services to you.

## How We Handle Your Personal Information

We do not sell personal information about current or former clients or their accounts to third parties. Nor do we share personal information about clients or prospective clients, except when needed to complete transactions at your request or to make you aware of financial products and services that we offer. Here are the details:

- In order to complete certain transactions or account changes that you direct, it may be necessary to provide identifying information about you to companies, individuals, or groups that are not affiliated with Vanguard. For example, if you ask to transfer assets from another financial institution to Vanguard, we will need to provide certain information about you to that company to complete the transaction.
- In order to alert you to other financial products and services that Vanguard offers or sponsors, we may share your information within the Vanguard family of affiliated companies to the extent permitted by law. This would include, for example, sharing your information within Vanguard to make you aware of new Vanguard funds or other investment offerings, or the brokerage services offered through Vanguard's brokerage companies, or the asset management and trust services offered through Vanguard's trust companies and registered investment advisors inside Vanguard.
- In certain instances, we may contract with nonaffiliated companies to perform services for us. Where necessary, we will disclose information we have about you to these third parties. In all such cases, we provide the third party with only the personal information necessary to carry out its assigned responsibilities, and only for that purpose. And we require these third parties to treat your private information with the same high degree of confidentiality that we do.
- Finally, we will release information about you if you direct us to do so, if we are compelled by law to do so, or in other legally limited circumstances (for example, to prevent fraud).

## Cookies, Web Beacons, and Online Privacy

Our concern for the privacy of our shareholders naturally extends to those who use our Personal investors website, [investor.vanguard.com](http://investor.vanguard.com), and our Vanguard investors mobile application.

Our website and our mobile application use some of the most secure forms of online communication available, including data encryption, transmission encryption, user names and passwords, adaptive authentication techniques, and back-end fraud and account monitoring. These technologies provide a high level of security and privacy when you access your account information, initiate online transactions, or send secure messages.

We use a variety of online technologies, such as cookies, web beacons, and similar mechanisms, as described further below, to collect information that helps us understand how our website and our mobile application are used. Specifically, when you visit Vanguard online, we or our third-party service providers may automatically collect a variety of technical and navigational information about you via these technologies, including, as applicable: your computer or device type; operating system version; browser type and version; user agent string; internet connection type; mobile network provider; date and time of your visit; time since your last visit; pages you view; links you click; searches you conduct; the internet protocol (IP) address used to access our website or mobile application; your general geographic location (e.g., your city, state, or zip code); and the website visited before our site. We also may use similar tracking technologies in emails that we or third parties send to you, as further described below. This information may be used, for example, to alert you to software compatibility issues or to resolve technical or service problems. We also analyze this information, with the assistance of our service providers, to improve our website and mobile application design and functionality, to enhance our ability to serve you and your accounts, and to tailor our communications to you regarding our products and services.

### **Cookies**

A cookie is a small file of letters and numbers that is stored on your computer, tablet, mobile phone, or other device when you visit a website or a mobile application. Cookies contain information that is transferred to or read on your device and allow websites and mobile applications to recognize devices and store certain information, such as user preferences. Cookies are used to distinguish you from other users of our online services. This helps us to provide you with a useful experience when you browse and also allows us to improve our online services. We and our third-party service providers use session cookies, which link your actions during a particular online session and expire at the end of that session, as well as persistent cookies, which remain on your device and allow us to remember your actions or preferences across multiple browser sessions.

If you are concerned about having cookies on your computer or other device, you can set your web browser to refuse all cookies or to indicate when a cookie is being set, allowing you to decide whether to accept it. You can also delete cookies from your device. The help feature on most web browsers will tell you how to prevent your browser from accepting new cookies, how to receive notice when a new cookie is set, and how to disable cookies altogether. However, if you choose to block or delete cookies, certain features of our website or our mobile application may not operate correctly. For further information about deleting or blocking cookies, please visit [allaboutcookies.org](http://allaboutcookies.org) (an external site). Information about how to opt out of the use of cookies for certain purposes (such as interest-based advertising) is discussed below in the section titled "Third-Party Analytics and Interest-Based Advertising."

### **Web Beacons**

Our website, our mobile application, and the emails that you receive from Vanguard use an application known as a web beacon (also known as a pixel tag or clear gif). A web beacon is an electronic file that usually consists of a single-pixel image, embedded in a web or mobile application page or an email to measure usage and activity. In some cases, a web beacon triggers the placement of a persistent cookie on your device.

Vanguard.com and the Vanguard investors mobile application offer customized features that require our use of cookies and web beacons. Certain sections of our website and mobile application require cookies to be enabled to support site or application performance and provide enhanced authentication. For example, cookies enable us to personalize and improve your user experience and help enhance navigation. Cookies also help us to understand how people use our online services so that we can improve their structure, functionality, and content. Web beacons allow us, directly or through our third-party service providers, to collect information used for website and mobile application analytics, such as how many users have visited particular pages or downloaded documents, or how frequently users search for a particular term. However, our use of these cookies and web beacons is limited. We do not use them to pull other data from your hard drive or to view data in cookies or other similar data files created by other websites. We will not share the information in these data files or give others access to it—except to help us better serve your investment needs and as described in this privacy policy.

We and our service providers use web beacons and cookies to determine whether and when you receive and open our emails; these beacons and cookies may also capture information such as the type of device, operating system, email program, and web browser used to view the email, the IP address from which you opened the email, and whether you click any links in the email. These technologies enable us to gauge the effectiveness, relevance, and value of our email communications, as well as to target relevant advertising to you and to measure the impact of that advertising on your Vanguard relationships.

If you are a Vanguard investor who has registered for secure online access to your Vanguard accounts, we are able to combine the information we collect about your usage of our website or mobile application during a secure (logged-on) session with other information we know about you, such as any account transactions you conduct during your session. We can also identify your computer or device on each online visit to Vanguard, even if you do not log on, and link information about that visit, as well as Vanguard ads that you may have viewed on other websites, to you. We may use this combined information to assess the appeal and usefulness of the information and tools offered on our website and in our mobile application and the effectiveness of our online advertising, as well as to identify Vanguard products and services that may be of interest to you.

Our website includes links to third-party sites or information that we think may be of interest to you. When you click these

links and leave our website, our site's terms and conditions of use and privacy policy no longer apply. You are responsible for complying with the third-party site's terms of use and understanding its privacy policy, both of which you should review carefully.

Our website may enable you to share information directly with websites or online services operated by third parties. For example, our site contains features that allow you to share articles or content through Facebook, Twitter, LinkedIn, and other services, and to view content through video players and other services (such as the YouTube video player). If you choose to use these features, you may disclose information to those websites or services and their users, and to the public more generally. Even if you do not click these plug-in features, these third parties may collect information about you, such as your IP address and the pages that you view, and they may also set and/or access a cookie on your device. Because these third-party websites and services are not operated by Vanguard, we are not responsible for their content or practices. The collection, use, and disclosure of information through these websites and services are subject to the privacy policies of the third-party websites or services, and not this privacy policy.

### **Third-Party Analytics and Interest-Based Advertising**

We partner with third parties to collect the information discussed above to engage in analysis, auditing, research, and reporting. These third parties may set and access cookies on your computer or other device and may use web beacons to collect information about your activity on our website or our mobile application. In particular, our website and mobile application use Adobe Analytics to help collect and analyze certain information for the purposes discussed above. The information generated about your use of our online services may be transmitted to and stored by Adobe Analytics External site on servers outside your country of residence. You may opt out of the use of cookies by Adobe Analytics at [adobe.com/privacy/opt-out.html](https://adobe.com/privacy/opt-out.html) (an external site).

We also partner with third-party service providers, including social networks, to provide targeted advertising services that are customized based on your online activities over time and across unaffiliated websites (Interest-Based Advertising) and to help us measure brand awareness and the effectiveness of our online advertising. These service providers may use cookies, web beacons, and other similar technologies to collect information about your activity on our website, and they may combine it with information about your activity on other, unaffiliated websites. We and our service providers may use data collected on our website or when you open emails from Vanguard, together with other information we have about you and your Vanguard relationships, to serve Vanguard ads to you on other sites as you browse the web. For example, third parties may use the fact that you visited our site to target ads for Vanguard products and services to you on non-Vanguard websites. In addition, our third-party advertising providers might use information about your use of our online services to help target non-Vanguard advertisements based on your online activity in general. We share demographic information (e.g., age) with certain

providers; we do not provide your name or otherwise identify you to any of these service providers.

We may use third-party service providers' technologies that enable us to establish connections among related devices (such as smartphones, tablets, and computers). This means that information about your interactions with our online services and online advertising through different devices may be combined. By making these connections, we may be able to better understand the relevance of our content and the impact of our advertising and to customize that content and advertising for you.

Vanguard uses the Evidon assurance platform to comply with the Self-Regulatory Program for Online Behavioral Advertising managed by the Digital Advertising Alliance (DAA). As part of this service, Vanguard's targeted advertisements on other websites are delivered with icons that help consumers understand how their data are being used and provide choices for consumers who want more control. For information about Interest-Based Advertising and how to opt out, please visit the DAA consumer choice page, available at [optout.aboutads.info](https://optout.aboutads.info) (an external site). Opting out of Interest-Based Advertising means that you will no longer receive ads targeted to you by the companies listed on the consumer choice page, but you may still receive targeted ads from other providers or based on the particular website that you are viewing. Also, if your browser is set to reject cookies when you visit the YourAdChoices opt-out page, or if you subsequently clear your browser cookies, your opt-out may no longer be effective.

Although our website currently does not respond to "do not track" browser headers, you can limit tracking by taking the steps discussed above. The use of online tracking mechanisms by third parties is subject to those third parties' own privacy policies, and not this policy. You can visit our Security Center to read more details about our online security and privacy features.

### **How We Safeguard Your Personal Information**

Within Vanguard, we restrict access to information about you to those Vanguard employees who need to know the information in order to perform their jobs, such as servicing your accounts, providing you with information you request, or notifying you of new products and services. To protect your personal information, we maintain physical, electronic, and procedural safeguards in keeping with industry standards and practices, and we review and adjust these safeguards regularly in response to advances in technology.

### **What You Can Do**

For your protection, you should not provide your account information, user name, or password to anyone. If you become aware of any suspicious activity relating to your account, it is your responsibility to contact us immediately. If you have any questions relating to this privacy policy or concerns about the way in which we have handled information about you, please do not hesitate to send us an email at [privacy@vanguard.com](mailto:privacy@vanguard.com).

## **We'll Keep You Informed**

As required by federal law, we will notify you of our privacy policy annually. We reserve the right to modify this policy at any time, but rest assured that if we do change it, we will tell you promptly.

### **The Board of Trustees of the College Savings Plans of Nevada Privacy Policy**

The Board of Trustees (the "Board") of the College Savings Plans of Nevada (the "Program") considers the privacy and security of your personal information to be a top priority. The Board will adhere to the following policy for the benefit of current and past Account Owners and Beneficiaries.

*In administering the Program, the Board may collect the following types of personal information about you:*

- *Information received from you on your application, communications, and other forms, such as your name, address, and Social Security number.*
- *Information the Board may acquire as a result of administering your account, such as transaction information and account balances.*
- *Information from third parties, such as credit agencies.*

*The Board restricts access to this personal information to its employees, Ascensus, Vanguard, and other agents who need to know the information to provide you with the products and services you have requested. The Board may make additional disclosure of such information as permitted or required by law. The Board maintains appropriate physical, electronic, and procedural safeguards to protect personal information about you. You should also carefully review Vanguard's Privacy Policy.*

**The Vanguard 529 College Savings Plan is a Nevada Trust administered by the Board of Trustees of the College Savings Plans of Nevada, which is chaired by the Nevada State Treasurer.**

The Vanguard Group, Inc., serves as the Investment Manager and through its affiliate, Vanguard Marketing Corporation, markets and distributes the Plan. Ascensus College Savings Recordkeeping Services, LLC, serves as Program Manager and has overall responsibility for the day-to-day operations. The Plan's portfolios, although they invest in Vanguard mutual funds, are not mutual funds. Investment returns are not guaranteed and you could lose money by investing in the plan.

*Income Portfolio and Vanguard Interest Accumulation Portfolio both invest in Vanguard Short-Term Reserves Account which, in turn, invests in Vanguard Federal Money Market Fund. Vanguard Short-Term Reserves Account's investment in Vanguard Federal Money Market Fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the fund seeks to preserve the value of the investment at \$1 per share, it is possible that Vanguard Short-Term Reserves Account may lose money by investing in the fund.*

Investment returns are not guaranteed, and you could lose money by investing in the Plan. Account owners assume all investment risks, including the potential for loss of principal, as well as responsibility for any federal and state tax consequences.
